Vande Kappelle,2021-12-02 People concerned with spirituality are seekers instead of possessing truth they seek to be possessed by it Thus a fully spiritual person is forever learning and growing William Blake the seminal mystic poet who worked to bring about change both in the social order and in common ways of thinking taught that all we need to do is cleanse the doors of perception and we shall see things as they are infinite And nothing cleanses and enlarges the doors of perception like great literature Whether it be poetry a short story a novel historical fiction fantasy literature or biographical writing the literary experience is slightly beyond a reader s horizon of understanding When literature enhances spirituality as is true of the dozen or more selections examined in Deep Splendor each literary moment confounds in order to keep us forever enthralled forever longing The authors and works examined in this study explore timeless spiritual themes such as coming of age relationships self integration the struggle of good versus evil the nature of change and the corruptive aspects of power When we think about great literature it is easy to focus objectively on the literature itself on what makes literature bad or good However another essential distinction involves the reader replacing the category good book with that of good reader As master teacher C S Lewis wrote a quality of good readers is that they seek an enlargement of their being Deep Splendor will teach you how to read great literature and how to be a good reader *Analog Science Fiction & Fact* ,1995 *Science Fiction and Fantasy Book Review* Neil Barron,R. Mythology in the Modern Novel John J. White, 2015-03-08 J J White reexamines the use of myth in fiction in order to bring a new terminological precision into the field While concentrating on the German novel Mann Broch and Nossack he discusses the work of Alberto Moravia John Bowen Michel Butor and Macdonald Harris as well in order to show the modern predilection for myth in whatever national literature Throughout his discussion Mr White delineates carefully his specific subject the novel in which mythological motifs are used to prefigure events and character Joyce s Ulysses is of course the archetypal novel in this tradition Setting forth his terms and making clear his use of them Mr White then analyzes the wide appeal of the mythological novel for both twentieth century novelists and critics he distinguishes four ways in which modern novelists use myth and surveys the range of critical literature on the subject His concluding chapters are discussions of specific texts in which he differentiates between novels which have a unilinear parallel between myth and plot novels of juxtaposition in which chapters retelling myth parallel modern action and novels of fusion in which the action of the modern account synthesizes more than one mythic prefiguration of mythological motif Originally published in 1972 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
