The Trauma Survivor's Guide to Healing Travis Jessop, 2020-05-14 I understand the magnitude of damage left behind in the aftermath of trauma Not only through my years of coaching trauma survivors but because I too am a survivor of unimaginable trauma A few years ago I watched my 3 year old son die in an auto accident just days after losing my Dad to cancer Shortly after losing my son I found myself homeless and beyond broke I desperately needed help from somebody who not only understood trauma but had survived and HEALED after experiencing trauma I needed help and I didn't know where else to turn So I began weekly therapy sessions After thousands of dollars and many

years of meeting with different counselors I was diagnosed with PTSD The diagnosis was great at least now I had a name for the beast in my head but I was still not feeling the peace I was desperately seeking So I began my quest to heal from PTSD on my own so I could get control over my mind and emotions and create a new life for myself my life after trauma I know from personal experience that trauma can destroy everything you value It can leave you broke mentally financially and spiritually It destroys friendships and relationships The very things you once placed so much value on no longer matter After years of studying trauma and PTSD I began to coach other trauma survivors and I discovered that we all seem to have a common theme in the way our brains and bodies react when they try to process the trauma and damage that has taken place I made a promise to myself that when I had healed from trauma that I would help others heal from their traumas so I created a simple step by step guide in the pages of this short book called The Trauma Survivor's Guide To Healing Spirit and Trauma Shelly Rambo, 2010-09-02 Rambo draws on contemporary studies in trauma to rethink a central claim of the Christian faith that new life arises from death Reexamining the narrative of the death and resurrection of Jesus from the middle day liturgically named as Holy Saturday she seeks a theology that addresses the experience of living in the aftermath of trauma Through a reinterpretation of remaining in the Johannine Gospel she proposes a new theology of the Spirit that challenges traditional conceptions of redemption Offered in its place is a vision of the Spirit's witness from within the depths of human suffering to the persistence of divine love Healing Days Susan Farber Straus, 2013-05-20 Healing Days is a book designed to be used in therapy for kids ages 6-11 and functions as an excellent resource for those who have experienced physical or sexual abuse Readers will follow four children as they learn ways to cope with their own trauma Sensitive and empowering the book models therapeutic coping responses and provides children with tools they may use to deal with their own trauma A Dear Reader introduction is included for the child reader Also available is an online Note to Parents and Caregivers **Forthcoming Books** Rose Arny, 2004 **Healing Trauma** Kitty K. [In an Unspoken Voice](#) Peter A. Levine, Ph.D., 2012-10-30. Unraveling trauma in the body, brain and mind: a revolution in treatment. Now in 17 languages. In this culmination of his life's work, Peter A. Levine draws on his broad experience as a clinician, a student of comparative brain research, a stress scientist and a keen observer of the naturalistic animal world to explain the nature and transformation of trauma in the body, brain and psyche. *In an Unspoken Voice* is based on the idea that trauma is neither a disease nor a disorder but rather an injury caused by fright, helplessness and loss that can be healed by engaging our innate capacity to self-regulate high states of arousal and intense emotions. Enriched with a coherent theoretical framework and compelling case examples, the book elegantly blends the latest findings in biology, neuroscience and body-oriented psychotherapy to show

that when we bring together animal instinct and reason we can become more whole human beings *2001 Guide to Literary Agents* Donya Dickerson, 2000 This volume couldn't be better this is a guide that should be on your desk Writer's Carousel
