Viewer activity will help you determine the best days and times to post. You don't always have to stick to a schedule, but they are helpful to know when you're likely to get the most views soon after posting! Be sure to check analytics regularly so as to make any changes as your channel grows.

When it comes to video, look at your best-performing videos and your worst-performing videos. What's the difference? Do your viewers tend to watch videos all the way through, but not the first few? Or maybe your viewers do prefer short videos because it's so valuable and you've seen until the end.

Check in weekly and monthly on your best and worst-performing videos and pay attention to completion rate, shares, and so on.
