The Counselling and Psychotherapy Research Handbook Andreas Vossler, Naomi Moller, 2014-10-16 Research is a vital and often daunting component of many counselling and psychotherapy courses. As well as completing their own research projects, trainees across modalities must understand the research in the field, what it tells them and how to do it. Breaking down this seemingly mountainous task into easy-to-swallow pieces, this book will navigate your students through each stage of the research process, from choosing a research question through the pros and cons of different methods to data analysis and writing up their findings. Written by leading contributors from the field, including John McLeod, Mick Cooper and Tim Bond, each chapter features points for reflection, engaging activities and suggestions for further reading, helping students to engage with all aspects of research. An original graphic narrative runs throughout the book, bringing this complex topic to life in a unique way. Whether embarking on research for the first time or already a little familiar with research and research methods, this unique guide is something counselling and psychotherapy students will turn to continually throughout their research projects. *Making the Most of Counselling & Psychotherapy Placements* Michelle Oldale, Michelle J.

Cooke, 2014-12-31 Struggling to secure the right counselling or psychotherapy placement for you? Unsure of how to deal with complex challenges or how to make sure you get the most out of your placement? Then you have come to the right place. Packed full of hints and tips, advice, checklists and points for reflection, this practical guide will provide you with those all-important answers and more. Key content includes: History and background of the placement; How to get the most out of the placement; Wider professional and ethical considerations; The placement search; Completing the application and tips for the interview; Managing placement relationships; Planning for the future. This one-stop shop will provide counselling and psychotherapy trainees with everything they need to know to secure and survive their practice placement. *Reflective*

Clinical Supervision in Speech and Language Therapy Ruth Howes, 2022-10-31 This book demystifies supervision in speech and language therapy, focusing on the practicalities and pitfalls. Clinicians are encouraged to reflect on their individual style as a supervisor and the tools they utilise to make a successful supervisory relationship. Drawing on previous experience, Howes offers a combination of reflective, solution-focused and strengths-based approaches, covering topics such as: The importance of the supervisory conversation; Ways to ensure conversations are reflective and appreciative; Supportive yet challenging; The training needed to be effective supervisors and good supervisees; The functions of supervision and how these change over time for each clinician; From learning new clinical skills to support in time and energy management. Practical resources for busy clinicians make it a manual of insights and support for supervision in SLT. *Reflective Clinical Supervision in Speech and Language Therapy* will be an invaluable guide for all speech and language therapists who are either experienced or newly established supervisors supporting others with the complexities of casework and the stress of relationships in every busy working day. **IRS Printed Product Catalog** United States.
