*Cracked, Not Broken* Kevin Hines, 2013 The Golden Gate Bridge is one of the most recognizable structures to define a modern city Yet for author Kevin Hines the bridge is not merely a marker of a place or a time Instead the bridge marks the beginning of his remarkable story At 19 years old Kevin attempted to take his own life by jumping off the Golden Gate Bridge a distance which took four seconds to fall Recently diagnosed with bi polar disorder Kevin had begun to hear voices telling him he had to die and days before his attempt he began to believe them The fall would break his body but not his spirit His story chronicles the extraordinary will of the author to live mentally well in the face of his mental illness bipolar disorder with psychotic features With each mental breakdown however the author s desire to live mentally well and to be a mental health advocate pulls him from the depths of his condition Kevin s story is a remarkable testament to the strength of the human spirit and a reminder to us to love the life we have His story also reminds us that living mentally well takes time endurance hard work and support With these disciplines in place those living with even very difficult diagnoses can achieve better lives for themselves and those who help to support and care for them , *Code of Federal Regulations*, 2000 Special edition of the Federal Register containing a codification of documents of general applicability and future effect with ancillaries
