Die Frau ohne Schatten Richard Strauss, Hugo von

The Shadow of the Empress Larry Wolff, 2023-05-02 A beguiling exploration of the last Habsburg monarchs grip on Europe's historical and cultural imagination. In 1919 the last Habsburg rulers Emperor Karl and Empress Zita left Austria going into exile. That same year the fairy tale opera *Die Frau ohne Schatten* (The Woman Without a Shadow) featuring a mythological emperor and empress premiered at the Vienna Opera. Viennese poet Hugo von Hofmannsthal and German composer Richard Strauss created *Die Frau ohne Schatten* through the bitter years of World War I, imagining it would triumphantly appear after the victory of the German and Habsburg empires. Instead the premiere came in the aftermath of catastrophic defeat. *The Shadow of the Empress* Fairy Tale Opera and the End of the Habsburg Monarchy explores how the changing circumstances of politics and society transformed their opera and its cultural meanings before, during, and after the First World War. Strauss and Hofmannsthal turned emperors and empresses into fantastic fairy tale characters, meanwhile following the collapse of the Habsburg monarchy after the war, their real life counterparts removed from political life in Europe began to be regarded as anachronistic semi-mythological figures. Reflecting on the seismic cultural shifts that rocked post-imperial Europe, Larry Wolff follows the story of Karl and Zita after the loss of their thrones. Karl died in 1922 but Zita lived through the rise of Nazism, World War II, and the Cold War. By her death in 1989 she had herself become a fairy tale figure, a totem of imperial nostalgia. Wolff weaves together the story of the opera's composition and performance, the end of the Habsburg monarchy, and his own family's life in and exile from Central Europe, providing a rich new understanding of Europe's cataclysmic twentieth century and our contemporary relationship to it.

Alto Dan H. Marek, 2016-10-20 Everyone is familiar with the words diva or prima donna which have come to mean a usually outrageous operatic soprano, but there was a time when the star of the show was more often a contralto or a soprano singing in today's mezzo soprano range. This performer was referred to as an alto. In the 17th and 18th centuries the male and female leading roles were likely to be sung by emasculated males, the alto castrati, although there were many great female altos during this period as well. The music for these fantastic artists, written by such composers as Porpora, Vinci, Hasse, and even Handel, has been largely forgotten. At the beginning of the 19th century, as the castrati died out, their roles were often assumed by female altos, referred to as musici. New repertoire continued to be written for them by Rossini and others, but gradually this musical tradition and technique was lost. Now, however, because of the talent and industry of such gifted artists as Marilyn Horne, Cecilia Bartoli, and Joyce DiDonato, and the sudden ease with which the performance of these forgotten works can be obtained, there is a resurgence of interest in the performance and

preservation of this lost art Alto The Voice of Bel Canto examines the careers of nearly 320 great alto singers including the great castrati from the dawn of opera in 1597 to the present The music of the composers who wrote for the alto voice is discussed along with musical examples and suggestions for listening The exploration of the greatest altos careers and techniques offers inspiration for aspiring young singers as well as absorbing reading for the music lover who wants to know more about the fascinating world of opera **Catalogue** Maggs Bros,1974 **Gramophone** ,1985 **Time** ,1966-10
