Die Strudlhofstiege:

Die Strudlhofstiege oder Melzer und die Tiefe der Jahre Heimito von Doderer, 1995 **The Structure of Stative Verbs** Antonia Rothmayr, 2009 This book explores the nature of stative verbs their eventuality structure and the patterns of argument realization The study shows that there is no single class of stative verbs Rather several distinct groups of verbs are found Verbs that undergo a systematic stative eventive ambiguity verbs that allow for a stative reading only and verbs that seem to have an intermediate status verbs of position and verbs of internal causation The study concludes that there is a discrete boundary between stative and eventive verbs excluding any intermediate status Stativity arises because the aspectual operators DO and BECOME are absent in the lexical semantic structure Eventivity arises if one of these is present A minimalist view on argument realization and event structure completes the book Theta features on the arguments are checked against the aspectual heads within the verb phrase **Encyclopedia of German Literature** Matthias Konzett, 2015-05-11 Designed to provide English readers of German literature the opportunity to familiarize themselves with both the established canon and newly emerging literatures that reflect the concerns of women and ethnic minorities the Encyclopedia of German Literature includes more than 500 entries on writers individual work and topics essential to an understanding of this rich literary tradition Drawing on the expertise of an international group of experts the essays in the encyclopedia reflect developments of the latest scholarship in German literature culture and history and society In addition to the essays author entries include biographies and works lists and works entries provide information about first editions selected critical editions and English language translations All entries conclude with a list of further readings **Jederzeit besuchsfähig** Wendelin Schmidt-Dengler, 2012-09-28 Ich habe schreibt Wendelin Schmidt Dengler einmal an seinen Freund und Kollegen Dietrich Weber mir Doderer durch die linke Kritik nicht austreiben lassen ich lasse mir ihn nun auch nicht durch die neue rechte Hymnik wieder einreden Diese Maxime tritt zu meinem ersten Fundamentalsatz hinzu Mir sind die Laster Doderers lieber als die Tugenden seiner Kritiker Um Doderers Laster schätzen zu können bedarf es einer gründlichen Kenntnis seiner Werke gepaart mit hinter sinniger Ironie und einer großen Lust im Umgang mit den Texten All diese Eigenschaften verband Wendelin Schmidt Dengler in unnachahmlicher Weise als Redner als Autor und als Professor an der Universität Wien Seine Auseinandersetzung mit dem Autor erstreckte sich über vier Jahrzehnte Auch das Wort lebenslanglich könnte ihn so bemerkte er einmal im Zusammenhang mit Doderer keinesfalls schrecken im Gegenteil es soll so weitergehen Mit diesem Band liegt nun eine Auswahl aus Wendelin Schmidt Denglers Arbeiten zu Heimito von Doderer vor die es ein Wort des Autors aufgreifend Lesern erlaubt wesentlichen Orten im Schaffen dieses Ausnahmegermanisten jederzeit einen Besuch abzustatten Jederzeit besuchsfähig zu sein dies ist das comme il faut der Intelligenz Heimito von Doderer 1953 **Literary Translation, Reception, and Transfer** Norbert Bachleitner, 2020-09-21 The three concepts mentioned in the title of this volume imply the contact between two or more literary phenomena they are based on similarities that are related to a form of

travelling and imitation or adaptation of entire texts genres forms or contents Transfer comprises all sorts of travelling with translation as a major instrument of transferring literature across linguistic and cultural barriers Transfer aims at the process of communication starting with the source product and its cultural context and then highlighting the mediation by certain agents and institutions to end up with inclusion in the target culture Reception lays its focus on the receiving culture especially on criticism reading and interpretation Translation therefore forms a major factor in reception with the general aim of reception studies being to reveal the wide spectrum of interpretations each text offers Moreover translations are the prime instrument in the distribution of literature across linguistic and cultural borders thus they pave the way for gaining prestige in the world of literature The thirty eight papers included in this volume and dedicated to research in this area were previously read at the ICLA conference 2016 in Vienna They are ample proof that the field remains at the center of interest in Comparative Literature
