*Witch Test* Katie L. Carroll, 2022-09-13 Liza is sinking in a bubbling cauldron of middle school rumors When the entire eighth grade begins studying the Salem witch trials it seems everyone is on a witch hunt with Liza as target number one Worst of all her ex best friend is the one who started a rumor that Liza bewitched a boy with a love potion As the bullying intensifies Liza s loneliness grows More than ever she wishes her mother were still alive A glimmer of hope arrives when Liza finds her mother s diary until she actually reads it Turns out Liza s family connection to witches goes back for centuries So much for the witch stuff being rumors If Liza can channel her inner witch at the Halloween night corn maze she might find the strength to stand up for herself If not she risks losing a piece of herself to a growing depression and any hope of happiness **WITCH TEST** is an upper middle grade Mean Girls meets **The Craft** novel for pre teens and young teens **The Power of Bad** John Tierney, Roy F. Baumeister, 2021-01-05 The most important book at the borderland of psychology and politics that I have ever read Martin E P Seligman Zellerbach Family Professor of Psychology at that University of Pennsylvania and author of *Learned Optimism* Why are we devastated by a word of criticism even when it s mixed with lavish praise Because our brains are wired to focus on the bad This negativity effect explains things great and small why countries blunder into disastrous wars why couples divorce why people flub job interviews how schools fail students why football coaches stupidly punt on fourth down All day long the power of bad governs people s moods drives marketing campaigns and dominates news and politics Eminent social scientist Roy F Baumeister stumbled unexpectedly upon this fundamental aspect of human nature To find out why financial losses mattered more to people than financial gains Baumeister looked for situations in which good events made a bigger impact than bad ones But his team couldn t find any Their research showed that bad is relentlessly stronger than good and their paper has become one of the most cited in the scientific literature Our brain s negativity bias makes evolutionary sense because it kept our ancestors alert to fatal dangers but it distorts our perspective in today s media environment The steady barrage of bad news and crisis mongering makes us feel helpless and leaves us needlessly fearful and angry We ignore our many blessings preferring to heed and vote for the voices telling us the world is going to hell But once we recognize our negativity bias the rational brain can overcome the power of bad when it s harmful and employ that power when it s beneficial In fact bad breaks and bad feelings create the most powerful incentives to become smarter and stronger Properly understood bad can be put to perfectly good use As noted science journalist John Tierney and Baumeister show in this wide ranging book we can adopt proven strategies to avoid the pitfalls that doom relationships careers businesses and nations Instead of despairing at what s wrong in your life and in the world you can see how much is going right and how to make it still better *Your Ad Here* Michael Serazio, 2013-04-05 2015 Susanne K Langer Award for Outstanding Scholarship Media Ecology Association 2013 Book of the Year Visual Communication Division National Communication Association Amidst the profound upheavals in technology economics and culture that mark the

contemporary moment marketing strategies have multiplied as brand messages creep ever deeper into our private lives In *Your Ad Here* an engaging and timely new book Michael Serazio investigates the rise of guerrilla marketing as a way of understanding increasingly covert and interactive flows of commercial persuasion Digging through a decade of trade press coverage and interviewing dozens of agency CEOs brand managers and creative directors Serazio illuminates a diverse and fascinating set of campaign examples from the America's Army video game to Pabst Blue Ribbon's hipster hijack from buzz agent bloggers and tweeters to *The Dark Knight's* Why So Serious social labyrinth Blending rigorous analysis with eye opening reporting and lively prose *Your Ad Here* reveals the changing ways that commercial culture is produced today Serazio goes behind the scenes with symbolic creators to appreciate the professional logic informing their work while giving readers a glimpse into this new breed of hidden persuaders optimized for 21st century media content social patterns and digital platforms Ultimately this new form of marketing adds up to a subtle sophisticated orchestration of consumer conduct and heralds a world of advertising that pretends to have nothing to sell
