Now she just wants to get on with her own life until a con turns sour and a dying agent of the emperor's Seventh Secretariat tells Orry there's a traitor at the highest levels of the Ascendancy. Which is why she finds herself stranded among the floating bubble habitats of Morhelion, searching for a Kadiran exile who has information critical to the war effort and the survival of the Ascendancy itself. A satisfyingly convoluted plot that sorts out a lot of loose ends but leaves more things lined up for a further book. It's a great read for fans of space opera and criminal capers.
