*Kadath, Or, the Dream Quest of Randolph Carter* Charles Cutting,2014-09 Three times Randolph Carter dreams of a magnificent sunset city but his perfect dreams are not what they seem to be As Carter sets out on a quest within a dream world to find his ideal city at all costs he is drawn inexorably closer towards a terrible secret Based on H P Lovecraft s novella The Dream Quest of Unknown Kadath 1943 **H P Lovecraft Short Story Combo Volume 3** H. P.

Lovecraft,2015-01-05 Again I say I do not know what has become of Harley Warren though I think almost hope that he is in peaceful oblivion if there be anywhere so blessed a thing It is true that I have for five years been his closest friend and a partial sharer of his terrible researches into the unknown I will not deny though my memory is uncertain and indistinct that this witness of yours may have seen us together as he says on the Gainsville pike walking toward Big Cypress Swamp at half past 11 on that awful night

**After the End of the World** Jonathan L. Howard,2017-11-14 This alternate reality novel is

an entertaining and meticulously crafted mix of speculative history suspense sardonic humor and cosmic horror Publishers Weekly The Unfolded World is a bitter and unfriendly place for Daniel Carter and Emily Lovecraft In this world the Cold War never happened because the Soviet Union ceased to exist in 1941 In this world the Nazi Gro deutschland is the premier superpower and is not merely tolerated but indulged because in this world the Holocaust happened behind the ruins of the Iron Curtain and consumed only Bolsheviks Communists and others the West was glad to see gone In this world there are monsters and not all of them are human But even in the Unfolded World there are still bills to pay and jobs to do Carter finds himself working for the German secret security service to uncover the truth behind a major scientific joint project that is going suspiciously well The trail takes Lovecraft and him to a distant abandoned island and a conspiracy that threatens everything To fight it Lovecraft must walk a perilously narrow path between forbidden knowledge and soul destroying insanity Fortunately she also has a shotgun It s not often one sees the reboot of a series that s only one book old But the second Carter and Lovecraft novel reboots the heck out of the series This is a wonderful novel ambitious on many levels and thoroughly successful Its central characters are even more compelling than they were in their first appearance and the story is diabolically clever and convoluted Booklist

*Legal Stories* Gregory Steirer, 2024-07 Tracing the emergence of what

the media industries today call transmedia story worlds and narrative franchises Legal Stories provides a dual history of copyright law and narrative based media development between the Copyright Act of 1909 and the Copyright Act of 1976 Drawing on archival material including legal case files and employing the principles of actor network theory Gregory Steirer demonstrates how the meaning and form of narrative based property in the twentieth century was integral to the letter and practice of intellectual property law during this time Steirer's expansive view of intellectual property law encompasses not only statutes and judicial opinions but also the everyday practices and productions of authors editors fans and other legal laypersons The result is a history of the law as improvisatory and accident prone taking place as often outside the courtroom as inside and shaped as much by laypersons as lawyers Through the examination of influential legal disputes involving early properties such as Dashiell Hammett's Sam Spade H P Lovecraft's Cthulhu Mythos and Robert E Howard's Conan the Barbarian Steirer provides a ground's eye view of how copyright law has operated and evolved in practice
