## Cell Mates Behind Bars 1:

*Waiting at the Prison Gate* Judith Pallott, Elena Katz, 2016-11-29 The Russian Federation has one of the largest prison populations in the world. Women in particular are profoundly affected by the imprisonment of a family member. Families and Punishment in Russia details the experiences of these women, be they wives, mothers, girlfriends, daughters, or relatives of Russia's three quarters of a million prisoners. It is the invisible victims of the country's harsh penal policy. A pioneering work that offers a unique lens through which various aspects of life in twenty-first century Russia can be observed: the workings of criminal subcultures, societal attitudes to parenthood, marriage, and marital fidelity, young women's quests for a husband, nostalgia for the Soviet period, state strategies towards dealing with political opponents, and the social construction of gender roles.

*Elder Abuse Behind Bars* John Johnson Kerbs, 2001      **Doing Time Together** Megan Comfort, 2009-05-15 By quadrupling the number of people behind bars in two decades, the United States has become the world leader in incarceration. Much has been written on the men who make up the vast majority of the nation's two million inmates. But what of the women they leave behind? *Doing Time Together* vividly details the ways that prisons shape and infiltrate the lives of women with husbands, fiancés, and boyfriends on the inside. Megan Comfort spent years getting to know women visiting men at San Quentin State Prison, observing how their romantic relationships drew them into contact with the penitentiary. Tangled with the prison's intrusive scrutiny and rigid rules, these women become quasi inmates, eroding the boundary between home and prison and altering their sense of intimacy, love, and justice. Yet Comfort also finds that with social welfare weakened, prisons are the most powerful public institutions available to women struggling to overcome untreated social ills and sustain relationships with marginalized men. As a result, they express great ambivalence about the prison and the control it exerts over their daily lives. An illuminating analysis of women caught in the shadow of America's massive prison system, Comfort's book will be essential for anyone concerned with the consequences of our punitive culture.

*Cellmates* David Nava, 1987      **A New England Prison Diary** Martin J. Herschock, 2012-06-22 In 1812, New Hampshire shopkeeper Timothy M. Joy abandoned his young family, fleeing the creditors who threatened to imprison him. Within days, he found himself in a Massachusetts jailhouse, charged with defamation of a prominent politician. During the months of his incarceration, Joy kept a remarkable journal that recounts his personal, anguished path toward spiritual redemption. Martin J. Herschock situates Joy's account in the context of the pugnacious politics of the early republic, giving context to a common citizen's perspective on partisanship and the fate of an unfortunate shopkeeper swept along in the transition to market capitalism. In addition to this close-up view of an ordinary person's experience of a transformative period, Herschock reflects on his own work as a historian. In the final chapter, he discusses the value of diaries as historical sources, the choices he made in telling Joy's story, alternative interpretations of the diary, and other contexts in which he might have placed Joy's experiences. The appendix reproduces Joy's original journal so that readers can develop their own skills using a primary
