Multilevel Modeling Using Mplus Holmes Finch, 2017-02-03 This book is designed primarily for upper level undergraduate and graduate level students taking a course in multilevel modelling and or statistical modelling with a large multilevel modelling component The focus is on presenting the theory and practice of major multilevel modelling techniques in a variety of contexts using Mplus as the software tool and demonstrating the various functions available for these analyses in Mplus which is widely used by researchers in various fields including most of the social sciences In particular Mplus offers users a wide array of tools for latent variable modelling including for multilevel data Multilevel Modeling Using R W.

Holmes Finch, Jocelyn E. Bolin, 2024-04-05 Like its bestselling predecessor *Multilevel Modeling Using R* Third Edition provides the reader with a helpful guide to conducting multilevel data modeling using the R software environment After reviewing standard linear models the authors present the basics of multilevel models and explain how to fit these models using R They then show how to employ multilevel modeling with longitudinal data and demonstrate the valuable graphical options in R The book also describes models for categorical dependent variables in both single level and multilevel data The third edition of the book includes several new topics that were not present in the second edition Specifically a new chapter has been included focussing on fitting multilevel latent variable modeling in the R environment With R it is possible to fit a variety of latent variable models in the multilevel context including factor analysis structural models item response theory and latent class models The third edition also includes new sections in Chapter 11 describing two useful alternatives to standard multilevel models fixed effects models and generalized estimating equations These approaches are particularly useful with small samples and when the researcher is interested in modeling the correlation structure within higher level units e g schools The third edition also includes a new section on mediation modeling in the multilevel context in Chapter 11 This thoroughly updated revision gives the reader state of the art tools to launch their own investigations in multilevel modeling and gain insight into their research

The Role of Leadership in Human Resource Management Shuming ZHAO, Mingwei Liu, Meng Xi, Cherrie Jiuhua Zhu, Hong Liu, 2024-08-30 This book underscores the crucial link between leadership and human resource management HRM and their collective impact on organizational outcomes It highlights the need for integrating research in both fields to fully understand their effects at organizational team and individual levels The interaction between leadership and HRM which can either complement or substitute for one another is beginning to be explored in recent studies Specifically the book points out the relevance of cultural institutional and historical contexts in the Asia Pacific particularly in China where Western models may not capture the unique aspects of leadership and HRM It discusses the significance of paternalistic leadership and specific HRM practices in China emphasizing their implications for performance The book argues for the importance of examining these interactions comprehensively suggesting that a combined study of leadership and HRM across different levels and contexts presents valuable research avenues The twelve

chapters in this volume offers insights into leadership and HRM in China showcasing a variety of leadership behaviours and HRM practices The chapters in this book were originally published as a special issue of Asia Pacific Business Review
