## *Collection & Preservation*

- "I know of no other book for the computer forensics professional or student that covers this material in this depth and organization. The writing is good, the references helpful...what more can I say, this is right on target for the examiner who needs to know more about the physical aspects of collecting digital evidence from computers."

—Gary C. Kreiner, *Computer & Digital Forensics program, Champlain College*

- Includes a CD-ROM with several demo and freeware software applications as well as document templates, worksheets, and references.
