**Groundless Paths** Karl Brunnholzl,2012-08-14 The Abhisamayalamkara summarizes all the topics in the vast body of the praj aparamita sutras Resembling a zip file it comes to life only through its Indian and Tibetan commentaries Together these texts not only discuss the hidden meaning of the praj aparamita sutras the paths and bhumis of sravakas pratyekabuddhas and bodhisattvas but also serve as contemplative manuals for the explicit topic of these sutras emptiness and how it is to be understood on the progressive levels of realization of bodhisattvas Thus these texts describe what happens in the mind of a bodhisattva who meditates on emptiness making it a living experience from the beginner's stage up through buddhahood Groundless Paths contains the first in depth study of the Abhisamayalamkara the text studied most extensively in higher Tibetan Buddhist education and its commentaries from the perspective of the Nyingma School of Tibetan Buddhism This study consists mainly of translations of Maitreya's famous text and two commentaries on it by Patrul Rinpoche These are supplemented by three short texts on the paths and bhumis by the same author as well as extensive excerpts from commentaries by six other Nyingma masters including Mipham Rinpoche Thus this book helps close a long standing gap in the modern scholarship on the praj aparamita sutras and the literature on paths and bhumis in mahayana Buddhism Arya

Maitreya's Ornament of Clear Realization with its Indian and Tibetan commentaries presents the complex dynamics of the path to liberation as a succession of realizations of the empty nature of all phenomena. This presentation is a powerful antidote to whatever two dimensional views we might hold about spiritual experience and the journey to enlightenment.

*High-risk Pregnancy* David K. James, Philip J. Steer, Carl P. Weiner, Bernard Gonik, Stephen C. Robson, 2017 This text examines the full range of challenges in general obstetrics medical complications of pregnancy prenatal diagnosis fetal disease management of labour delivery. The authors present an evidence based approach to the available management options equipping you with the most appropriate strategy for each patient. *Female Infertility* Anthony Ekanem, 2016-12-31 Far too many women struggle to get pregnant and conceive a child naturally. This generally drives most people to visit a doctor or specialist to find out why they have so much difficulty conceiving and giving birth to healthy happy babies. In most cases they're given a diagnosis of infertility. Unfortunately there are many different reasons for infertility so this doesn't always help. It's known that ovarian cysts Polycystic Ovarian Syndrome PCOS and endometriosis can affect your fertility rate as can a low sperm count in men. Some people are affected by other hormonal issues or more complicated problems such as blocked or obstructed fallopian tubes. Even with all the advances made by medical science there still remains a possibility that doctors simply can't find a cause for some people's infertility problems. Yet what most people forget is that traditional natural remedies often have a far greater success rate than expensive often painful medical treatments. Despite a higher success rate many women still choose to ignore natural treatments and solutions that really could prepare their bodies to conceive naturally even after being told that they are infertile by a medical specialist. In fact it's been proven that some fertility treatments prescribed by fertility specialists can increase the risk of contracting ovarian cancer yet women every day still opt to take expensive medications rather than consider some of the more healthy options of trying a holistic approach. What's more many of the medical treatments surgeries and pharmaceutical drugs for infertility don't actually treat the base cause of the problem. Instead they treat the symptom and attempt to remove it that way. This can sometimes cause more problems than you started with. This Book will look at some reasons for infertility and how using a natural holistic approach to reversing your infertility problems can greatly improve your chances of conceiving a child of your own without surgery and without drugs. So are you ready to change your life and become a happy mother? If yes please read on.
