**Concepts of Cabralism** Reiland Rabaka, 2014-07-16 By examining Amilcar Cabral's theories and praxes as well as several of the antecedents and major influences on the evolution of his radical politics and critical social theory *Concepts of Cabralism* Amilcar Cabral and *Africana Critical Theory* simultaneously reintroduces chronicles and analyzes several of the core characteristics of the *Africana* tradition of critical theory Reiland Rabaka's primary preoccupation is with Cabral's theoretical and political legacies that is to say with the ways in which he constructed deconstructed and reconstructed theory and the aims objectives and concrete outcomes of his theoretical applications and discursive practices The book begins with the Negritude Movement and specifically the work of Leopold Senghor Aimé Césaire and Jean Paul Sartre Next it shifts the focus to Frantz Fanon's discourse on radical disalienation and revolutionary decolonization Finally it offers an extended engagement of Cabral's critical theory and contributions to the *Africana* tradition of critical theory Ultimately *Concepts of Cabralism* chronicles and critiques revisits and revises the black radical tradition with an eye toward the ways in which classical black radicalism informs or should inform not only contemporary black radicalism African nationalism and Pan Africanism but also contemporary efforts to create a new anti racist anti sexist anti capitalist anti colonialist and anti imperialist critical theory of contemporary society what has come to be called *Africana critical theory* *Contemporary Critical Thought in Africology and Africana Studies* Molefi Kete Asante, Clyde Ledbetter Jr., 2015-12-30 Although traditional academic circles rarely celebrate the work of African or African American thinkers because performers and political figures were more acceptable to narrating histories this work projects the ideas of several writers with the confidence that *Africology* the Afrocentric study of African phenomena represents an oasis of innovation in progressive venues The book brings together some of the most discussed theorists and intellectuals in the field of *Africology* *Africana Studies* for the purpose of sparking further debate critical interpretations and extensions and to reform and reformulate the way we approach our critical thought The contributors' Afrocentric approach offers new interpretations and analysis and challenges the predominant frameworks in diverse areas such as philosophy social justice literature and history **Resistance and Decolonization** Amilcar Cabral, 2016-03-30 How can a people overthrow 500 years of colonial oppression What can be done to decolonize mentalities economic structures and political institutions In this book which includes the first translation of the text *Analysis of a Few Types of Resistance* as well as *The Role of Culture in the Struggle for Independence* the African revolutionary Amílcar Cabral explores these and other questions These texts demonstrate his frank and insightful directives to his comrades in Guinea-Bissau and Cape Verde's party for independence as well as reflections on culture and combat written the year prior to his assassination by the Portuguese secret police As one of the most important and profound African revolutionary leaders in the 20th century and justly compared in importance to Frantz Fanon Cabral's thoughts and instructions as articulated here help us to rethink important issues concerning nationalism culture vanguardism revolution

liberation colonialism race and history The volume also includes two introductory essays the first introduces Cabral s work within the context of Africana critical theory and the second situates these texts in the context their historical political context and analyzes their relevance for contemporary anti imperialism     The Paralysis of Analysis in African American Studies Stephen Ferguson II,2023-09-21 Stephen C Ferguson II provides a philosophical examination of Black popular culture for the first time From extensive discussion of the philosophy and political economy of Hip Hop music through to a developed exploration of the influence of the postmodernism poststructuralist ideology on African American studies he argues how postmodernism ideology plays a seminal role in justifying the relationship between corporate capitalism and Black popular culture Chapters cover topics such as cultural populism capitalism and Black liberation the philosophy of Hip Hop music and Harold Cruse s influence on the cultural turn in African American studies Ferguson combines case studies of past and contemporary Black cultural and intellectual productions with a Marxist ideological critique to provide a cutting edge reflection on the economic structure in which Black popular culture emerged He highlights the contradictions that are central to the juxtaposition of Black cultural artists as political participants in socioeconomic struggle and the political participants who perform the rigorous task of social criticism Adopting capitalism as an explanatory framework Ferguson investigates the relationship between postmodernism as social theory current manifestations of Black popular culture and the theoretical work of Black thinkers and scholars to demonstrate how African American studies have been shaped

*Conceptual Aphasia in Black* P. Khalil Saucier, Tryon P. Woods, 2016-08-11 This book presents a metacritique of racial formation theory The essays within this volume explore the fault lines of the racial formation concept identify the power relations to which it inheres and resolve the ethical coordinates for alternative ways of conceiving of racism and its correlations with sexism homophobia heteronormativity gender politics empire economic exploitation and other valences of bodily construction performance and control in the twenty first century Collectively the contributors advance the argument that contemporary racial theorizing remains mired in antiblackness Across a diversity of approaches and objects of analysis the contributors assess what we describe as the conceptual aphasia gripping racial theorizing in our multicultural moment analyses of racism struck dumb when confronted with the insatiable specter of black historical struggle

**Branches of Asanteism** Abdul Karim Bangura, 2019-10-03 *Branches of Asanteism* explores the epistemologies and research methodologies that have sprung from Mwalimu Molefi Kete Asante's treatises on Afrocentricity The book identifies and analyzes thirteen such epistemologies and methodologies while defining and explicating the various branches of Asante's idea of Afrocentricity

**Steve Biko** Tendayi Sithole, 2016-07-26 Moving away from the domain of commemorative iconicity monumentalization and memorialization Sithole uses Steve Biko's meditations as a discursive intervention to understand black subjectivity The epistemological shift of this book is not to be bogged down by the cataloging of events something that is popular in the literature of Steve Biko and Black Consciousness Rather a theoretical imagination and conceptual invention is engaged upon in order to situate Biko within the existential repertoire of blackness as a site of subjectivity and not the object of study The theoretical imagination and conceptual invention fosters an interpretive approach and an ongoing critique that cannot reach any epistemic closure This is what decolonial meditations are all about opening up new vistas of thought and new modes of critique informed by epistemic breaks from empirical absolutism that reduce Biko to an epistemic catalogue It is in Steve Biko *Decolonial Meditations of Black Consciousness* that the black subject is engaged not only in the politics of criticism for its own sake but philosophy of existence

**Africana Critical Theory** Reiland Rabaka, 2009-01-16 Building on and going far beyond W E B Du Bois and the Problems of the Twenty First Century and Du Bois's Dialectics Reiland Rabaka's *Africana Critical Theory* innovatively identifies and analyzes continental and diasporan African contributions to classical and contemporary critical theory This book represents a climatic critical theoretical clincher that cogently demonstrates how Du Bois's rarely discussed dialectical thought interdisciplinarity intellectual history making radical political activism and world historical multiple liberation movement leadership helped to inaugurate a distinct Africana tradition of critical theory With chapters on W E B Du Bois C L R James Negritude Aime Cesaire and Leopold

Senghor Frantz Fanon and Amilcar Cabral Africana Critical Theory endeavors to accessibly offer contemporary critical theorists an intellectual archaeology of the Africana tradition of critical theory and a much needed dialectical deconstruction and reconstruction of black radical politics These six seminal figures collective thought and texts clearly cuts across several disciplines and therefore closes the chasm between Africana Studies and critical theory constantly demanding that intellectuals not simply think deep thoughts develop new theories and theoretically support radical politics but be and constantly become political activists social organizers and cultural workers that is folk the Italian critical theorist Antonio Gramsci referred to as organic intellectuals In this sense then the series of studies gathered in Africana Critical Theory contribute not only to African Studies African American Studies Caribbean Studies Cultural Studies Gender Studies and Postcolonial Studies but also to contemporary critical theoretical discourse across an amazingly wide range of traditional disciplines and radical political activism outside of and in many instances absolutely against Europe s ivory towers and the absurdities of the American academe

**Black Power Music!** Reiland Rabaka, 2022-06-13 Black Power Music Protest Songs Message Music and the Black Power Movement critically explores the soundtracks of the Black Power Movement as forms of movement music That is to say much of classic Motown soul and funk music often mirrored and served as mouthpieces for the views and values as well as the aspirations and frustrations of the Black Power Movement Black Power Music is also about the intense interconnections between Black popular culture and Black political culture both before and after the Black Power Movement and the ways in which the Black Power Movement in many senses symbolizes the culmination of centuries of African American politics creatively combined with and ingeniously conveyed through African American music Consequently the term Black Power music can be seen as a code word for African American protest songs and message music between 1965 and 1975 Black Power music is a new concept that captures and conveys the fact that the majority of the messages in Black popular music between 1965 and 1975 seem to have been missed by most people who were not actively involved in or in some significant way associated with the Black Power Movement

*Concepts of Cabralism*, The Philosophical Foundations of Cabral s Critical Theory Rabaka s study identifies and analyses Cabral s contributions to the deconstruction and reconstruction of Africana studies radical politics and critical social theory in the interests of the wretched of the earth of the twentyfirst century 2014 12 He does this in the hope that it would lead to a form of human studies incorrigibly obsessed with eradicating the wretchedness of the wretched of the earth and indefatigably geared toward the ultimate goal of deepening and developing the Africana tradition of critical theory Rabaka 2014 21 emphasis in original To see the link between the Negritude Movement and the Harlem Renaissance one must remember that the latter waned in the wake of the Great Depression of the 1930s What does Rabaka make of Cabral s pointed critique of the orthodox Marxian position on the universality of the history of class struggle Cabral observes Does history begin only from the moment of class and consequently of class struggle To reply in the affirmative would be to place outside history the whole period of

life of human groups from the discovery of hunting and later sedentary and Rabaka links the notion of return to the Ghanaian concept of sankofa which entails taking from the past those things which are deemed to be most useful in the present with the ultimate intention of moving forward It boils down to the benevolent use of knowledge from the past to positively alter the present and ensure the future 2014 244 emphasis in original

**Forms of Fanonism** Reiland Rabaka, 2010-03-08 When Frantz Fanon's critiques of racism sexism colonialism capitalism and humanism are brought into the ever widening orbit of Africana critical theory something unprecedented in the annals of Africana intellectual history happens five distinct forms of Fanonism emerge Forms of Fanonism Frantz Fanon's Critical Theory and the Dialectics of Decolonization is discursively distinguished from other engagements of Fanon's thought and texts insofar as it is the first study to consciously examine his contributions to Africana Studies and critical theory or rather the Africana tradition of critical theory Forms of Fanonism identifies and intensely analyzes Fanon's contributions to the deconstruction and reconstruction of Africana Studies radical politics and critical social theory In highlighting his unique solutions to the problems of racism sexism colonialism capitalism and humanism five distinct forms of Fanonism materialize These five forms of Fanonism allow contemporary critical theorists to innovatively explore the ways in which his thought and texts can be dialectically put to use in relieving the wretched experience of this generation's wretched of the earth Critics can also apply these forms to deconstruct and reconstruct Africana Studies radical politics and critical social theory using their anti imperialist interests Throughout Forms of Fanonism Reiland Rabaka critically dialogues with Fanon incessantly asking his corpus critical questions and seeking from it crucial answers This book in short solemnly keeps with Fanon's own predilection for connecting critical theory to revolutionary praxis by utilizing his thought and texts as paradigms and points of departure to deepen and develop the Africana tradition of critical theory

**Africana Critical Theory** Reiland Rabaka Smith, 2001

**In the Twilight of Revolution** Jock McCulloch, 2019-11-21 First published in 1983 Amilcar Cabral was one of Africa's leading revolutionary figures Universally recognised as the founding father of the independent state of Guiné-Bissau he was also the first truly important political thinker to have emerged from Africa's two decades of revolution This book was the first publication to present a critical analysis of his standing as a political theorist Born in 1925 in the then Portuguese colony of Guiné Cabral devoted his life to the liberation of his people from colonialism and was instrumental in founding the PAIGC the African Party for the Independence of Guiné and Cape Verde He was assassinated early in 1973 but the PAIGC continued his task and Guiné-Bissau gained independence in September 1973 Guiné's revolution came late but it was a genuine revolution and like all revolutions was accompanied by a theory of its own That theory is found in the writings of Cabral In this study Jack McCulloch explains that because of the conjunction of a number of historical factors the revolution in Guiné assumed an importance far out of proportion to the size or economic significance of the country and shows that consequently Cabral's theory has come to have an historical significance of its own This account of Cabral's political theory demonstrates clearly

that the effect of Cabral's career was to help bring down the last of the great colonial empires in Africa and in the realm of theory to dismantle the central shibboleths of African socialism      **The Negritude Movement** Reiland Rabaka, 2015-05-20

The Negritude Movement provides readers with not only an intellectual history of the Negritude Movement but also its prehistory W E B Du Bois the New Negro Movement and the Harlem Renaissance and its posthistory Frantz Fanon and the evolution of Fanonism By viewing Negritude as an insurgent idea to invoke this book's intentionally incendiary subtitle as opposed to merely a form of poetics and aesthetics The Negritude Movement explores Negritude as a traveling theory la Edward Said's concept that consistently crisscrossed the Atlantic Ocean in the twentieth century from Harlem to Haiti Haiti to Paris Paris to Martinique Martinique to Senegal and on and on ad infinitum The Negritude Movement maps the movements of proto Negritude concepts from Du Bois's discourse in *The Souls of Black Folk* through to post Negritude concepts in Fanon's *Black Skin White Masks* and *The Wretched of the Earth* Utilizing Negritude as a conceptual framework to on the one hand explore the Africana intellectual tradition in the twentieth century and on the other hand demonstrate discursive continuity between Du Bois and Fanon as well as the Harlem Renaissance and Negritude Movement The Negritude Movement ultimately accents what Negritude contributed to arguably its greatest intellectual heir Frantz Fanon and the development of his distinct critical theory Fanonism Rabaka argues that if Fanon and Fanonism remain relevant in the twenty first century then to a certain extent Negritude remains relevant in the twenty first century      [Africana Theory, Policy, and Leadership](#) James L. Conyers, Jr., 2016-07-31 *Africana Theory Policy and Leadership* is an eclectic work that examines Africana issues from multiple angles including literature ethnography gender aesthetics and diversity The contributors to this volume add unique and insightful works to the collection of research and writing documenting the pan African experience Conyers offers the reader an interdisciplinary approach to the study of people of African descent with special emphasis on the black population of the United States This collection addresses a wide range of topics *Africana Literature as Social Science* reviews the scholarship of August Wilson and Suzan Lori Parks *How Homeland Eritrea Monitors Its American Diaspora* analyzes Eritrean government diaspora tensions *Toward Theorizing Gender without Feminism and Are Black Women the New Mules of the Prison Industrial Complex* illustrates the double burden of race and gender borne by black women *Africana Aesthetics* documents black life in post Civil War Texas with photos *Africana Studies and Diversity* explores the struggle to maintain athletic programs at historically black colleges *The Africana Idea in Leadership Studies* offers an Afrocentric approach to the study of critical theory in leadership This volume presents examples of Africana scholarship in major areas of work including literature politics feminist studies criminology history and sports studies and is the most recent volume in Transaction's *Africana Studies* series      **Emerging Afrikan Survivals** Kemayo Kamau, 2004-08-02 This work sets forth the guidelines for an Afrocentric literary theory and goes on to apply that theory to three novels *Invisible Man* *Song of Solomon* and *The Chaneysville Incident*      *Facing South to Africa* Molefi Kete

Asante,2014 Facing South to Africa is a bold synthesis of the ideas that have made Afrocentric theorists the leading voices of the African renaissance Written from the vantage point of the philosophical and political discourse that emerged over the past twenty five years this is a highly readable and accessible introduction to African social and cultural criticism Molefi Kete Asante engages in the practice of critical thinking by raising fundamental questions about how Africans view themselves and the world Tackling the themes of culture education social sciences the university politics African unity and the prospects for peace in Africa Facing South to Africa is a fresh daring and popularizing synthesis of the best critical thought on the issues of modern knowledge Asante s plan is to reorient our thinking on Africa by asking questions of Africa and Africans rather than imposing preconceived external ideas on African issues

Return to the Source Amilcar Cabral,2023-04-01 A classic collection of essays calling for decolonization through self liberation For us said Amilcar Cabral freedom is an act of culture and these were not just words Guided by the concrete realities of his people Cabral called for a process of re Africanization a Return to the Source As a new imperialism has taken hold the world over many have hearkened back to Return to the Source but this time our source of inspiration is Cabral himself With a system of thought rooted in an African reading of Marx Cabral was a deep thinking revolutionary who applied the principles of decolonization as a dialectic task and in so doing became one of the world s most profoundly influential and effective theoreticians of anti imperialist struggle Cabral and his fellow Pan African movement leaders catalyzed and fortified a militant wave of liberation struggles beginning in Angola moving through Cabral s homelands of Guinea Bissau and Cape Verde and culminating in Mozambique and beyond He translated abstract theories into agile praxis and in under just ten years steered the liberation of three quarters of the countryside of Guinea Bissau from Portuguese colonial domination In this new expanded edition of Return to the Source Selected Texts of Amilcar Cabral we have access to Cabral s warm and humorous informal address to the Africa Information Service and we revisit several of the principal speeches Cabral delivered during visits to the United States in the final years before his assassination in 1973 including his last written address to his people on New Year s Eve Return to the Source is essential reading for all who understand that the erasure of historical continuity between social movements has disrupted our ability to make the revolutionary transformation we all desperately require
