A Concise History of Modern Korea Michael J. Seth, 2024-03-12 Now in a fully revised and updated edition including new primary sources and illustrations this comprehensive and balanced history of modern Korea explores the social economic and political issues it has faced since being catapulted into the wider world at the end of the nineteenth century Placing this formerly insular society in a global context Michael J Seth describes how this ancient culturally and ethnically homogeneous society first fell victim to Japanese imperialist expansionism and then was arbitrarily divided in half after World War II Seth traces the postwar paths of the two Koreas with different political and social systems and different geopolitical orientations as they evolved into sharply contrasting societies South Korea after an unpromising start became one of the few postcolonial developing states to enter the ranks of the first world with a globally competitive economy a democratic political system and a cosmopolitan and dynamic culture By contrast North Korea became one of the world's most totalitarian and isolated societies a nuclear power with an impoverished and famine stricken population Considering the radically different and historically unprecedented trajectories of the two Koreas Seth assesses the insights they offer for understanding not only modern Korea but the broader perspective of world history All readers looking for a balanced knowledgeable history will be richly rewarded with this clear and concise book *A Short History of Korea*, 1964 *A Brief History of Korea* Yŏng-ik

Modern Times Philip Van Ness Myers, 1906 **Writing Women in Korea** Theresa Hyun, 2003-09-30 Writing Women in Korea explores the connections among translation new forms of writing and new representations of women in Korea from the early 1900s to the late 1930s It examines shifts in the way translators handled material pertaining to women the work of women translators of the time and the relationship between translation and the original works of early twentieth century Korean women writers The book opens with an outline of the Chosŏn period 1392-1910 when a vernacular writing system was invented making it possible to translate texts into Korean in particular Chinese writings reinforcing official ideals of feminine behavior aimed at women The legends of European heroines and foreign literary works such as those by Ibsen translated at the beginning of the twentieth century helped spur the creation of the New Woman Sin Yŏng ideal for educated women of

the 1920s and 1930s The role of women translators is explored as well as the scope of their work and the constraints they faced as translators Finally the author relates the writing of Kim My ng Sun Pak Hwa S ng and Mo Yun Suk to new trends imported into Korea through translation She argues that these women deserve recognition for not only their creation of new forms of writing but also their contributions to Korea s emerging sense of herself as a modern and independent nation
