Conducting Health Outcomes Research Robert L. Kane, David M. Radosevich, 2010-08-25 Conducting Health Outcomes Research serves as the definitive guide to successful investigation of health care outcomes and the key resource for ensuring quality care. As consumer insurer and government demands for quality health care increase, the field of research required to measure such quality stands to grow exponentially. Conducting Health Outcomes Research brings together the practical, actionable information needed to conduct research on health outcomes with the goal of measuring the quality of the care being delivered. The book details the methodology for performing successful research in this growing field, from formulating models, choosing study design, measuring and gathering data to assessing and presenting results. Important Notice: The digital edition of this book is missing some of the images or content found in the physical edition.

Understanding Health Care Outcomes Research Robert L. Kane, 2004 Eleven American academics, physicians, and health services researchers contribute ten chapters examining the important issues that surround outcomes research in a text for health services researchers and clinicians who utilize patient-centered outcomes information in the context of care. The concept for this volume grew out of a graduate seminar on Oxford Textbook of Palliative Nursing Betty R. Ferrell, Nessa Coyle, Judith A. Paice, 2015 The Oxford Textbook of Palliative Nursing is the definitive text on nursing care of the seriously ill and dying. It is a comprehensive work addressing all aspects of palliative care, including physical, psychological, social, and spiritual needs. The text is written by leaders in the field and includes an impressive section on international palliative care. Each chapter includes case examples and a strong evidence base to support the highest quality of care. The book is rich with tables and figures, offering practical resources for clinical practice across all settings of care and encompassing all ages from pediatrics to geriatrics.
