particularly with regard to the jurisdiction's primary or secondary seatbelt laws and following distance with emphasis on the need for a three or four second gap. With regard to factors other than subject matter content it was found that most jurisdictional manuals 77% are smaller than the 8 1/2 in x 11 in size of the Arizona manual with 48% opting for the compact 5 1/2 in x 8 1/2 in. More than half the jurisdictions produce a version of the manual in Spanish and more than a third of the jurisdictions produce a specialized driver manual directed at teen learners and their parents and encouraging parents active involvement in their teen's learning process.
