**The Art of Coexistence** Ilchi Lee, Steve Kim, 2023-04-22 We are facing a global crisis involving multiple problems, any one of which could drive humanity to ruin. This presents an urgent need and opportunity to create fundamental long-term changes, promising a sustainable future. Like it or not, this situation puts each of us living on Earth in a very special place in the history of humanity and our planet. This special position demands our reflection, wisdom, courage, and responsibility on a different level from that of previous generations. For pandemics, climate crises, and other such problems, threaten all our lives, not only those of certain individuals or groups. It is also because we cannot solve these problems while putting the interests of any individual group or nation first. The key to solving the problems and challenges we face is coexistence. Coexistence is not about just recognizing each other's equal right to exist in this world; it is acting on the understanding that all life on Earth is interconnected. Coexistence is not one of many, but the only way we can thrive together in the long run. More than any new technology or infrastructure, we most desperately need this understanding and attitude to achieve a sustainable planet. The conscience, empathy, and ability to reflect that we need to coexist harmoniously with one another are a natural part of ourselves. Finding this part hidden within us and learning how to use it is a new art we should pursue and develop. In this book, Ilchi Lee, in collaboration with Steve Kim, describes the core concepts and principles of this art, as well as methods for making use of them. He also proposes plans for moving beyond the personal level to applying such ideas for social, cultural, and institutional change.

**Living Tao** Ilchi Lee, 2015-12-15 Tao has been built into the foundation of East Asian culture for millennia, and many books have been written to explain it. But Tao cannot fully be explained in words; it can only be felt and experienced. Tao is something you live day by day, moment by moment. It's the omnipresent oneness beyond ephemeral phenomena that expresses itself in everything. New York Times bestselling author Ilchi Lee, an enlightened Tao master from South Korea, has laid out a path to living Tao every day. Along this path, he guides you to an understanding of the meaning of birth, death, and everything in between, building a foundation for living a complete and whole life. The universal principles contained in *Living Tao: Timeless Principles for Everyday Enlightenment* stem from the Korean practice of Sundo, an ancient tradition of mind-body training, as well as Lee's own life experience. With these tangible principles, Ilchi Lee makes
