Clockwork Crazy Lee Strauss, 2023-09-28 The Clockwise Collection Finale The stress created by Casey's recent split from Nate causes her to trip back in time in a haphazard manner and not always to the same time. Sometimes she's in 1929 Boston getting more entangled than ever with the mishaps of her new and not so helpful friends and at other times she's back in 1775 trying to make sure the colonists still win the war of Independence. Will the craziness ever stop? And will she and Nate work out things in time for graduation?

Turf, Field, and Farm, 1901 **The Time of Our Lives** Marcia Tucker, Anne Ellegood, 1999 The fastest growing age group in America is those over 65 and accordingly there has been a recent upsurge in interest into how aging is perceived and represented. **The Time of Our Lives** considers the depiction of aging within visual media. How do stereotypes in the conceptualization of age particularly the invisibility and infantilization of the elderly affect us? The book also explores how medical research and new technologies are changing our ideas about aging, longevity and reproduction and the cultural quest for the fountain of youth as evidenced through increasingly prevalent anti-aging products and cosmetic surgery.

Counter Clockwise Lee Strauss, 2023-09-28 Casey and Nate are back. High school senior Casey Donovan is in trouble. Again. If only she had trusted in Nate's loyalty when he traveled to Spain with his college basketball team despite being accompanied by the cheer-leading squad and Fiona the Floozy who'd made it super clear she wanted Nate for herself. Then she wouldn't have made that impulsive trip to Hollywood and let Austin do that stupid thing that threatened her relationship with Nate and triggered a trip into the past. Only something is wildly wrong. She's not in the 1860s like she should be. It's 1929. And she didn't come alone. **Counter Clockwise** and **Clockwork Crazy** are two parts to one story arc.

Arts & Humanities Citation Index, 2000 **Like Clockwork** Elle Strauss, 2015-09-13 Hollywood Hottie Adeline doesn't feel she belongs in her own time but can bad boys from the past be trusted? Adeline Savoy had hoped that the move west from Cambridge to Hollywood with her single dad would mean they'd finally bond like a real family but all she got was a father too busy with his new female friends and his passion for acting to really see her. Instead she finds herself getting attached to Faye the divorcee hair dresser she befriends when she travels back in time to 1955. Plus Faye has a hottie James Dean-esque bad boy brother who has Adeline's heart all aflutter. But bad boys from the past can be dangerous. Is it possible that Adeline really does belong in her own time and that maybe the right boy lives as close as next door?
