PC User's Troubleshooting Guide

TechRepublic, Incorporated, 2003-05

Reference and Information Sources and Services for Children and Young Adults

Lesley S.J. Farmer, 2022-09-01 Reference and information services are more important than ever for today's young people By analyzing key features of reference and information services to young people in school and public library environments including the research behind the trends and issues librarians can make sure that those services are appropriately responsive to children and teens Based on standards and evidence based practice this book helps you to optimize those resources and services by providing guidance in assessing youth communities determining youth's information needs and information behaviors developing and maintaining age appropriate reference collections starting with the book's core list of print and online resources optimizing physical and virtual access to reference and information sources interacting with youth and facilitating their reference and information literacy skills curating and producing reference and information products dealing with relevant legal and ethical issues and planning effective library reference and information services for youth Chapter sidebar examples provide food for thought

Rapid Instructional Design

George M. Piskurich, 2015-01-20 The classic guide to instructional design fully updated for the new ways we learn Rapid Instructional Design is the industry standard guide to creating effective instructional materials providing no nonsense practicality rather than theory driven text Beginning with a look at what instructional design really means readers are guided step by step through the ADDIE model to explore techniques for analysis design development intervention and evaluation This new third edition has been updated to cover new applications technologies and concepts and includes many new templates real life examples and additional instructor materials Instruction delivery has expanded rapidly in the nine years since the second edition's publication and this update covers all the major advances in the field The major instructional models are expanded

to apply to e learning MOOCs mobile learning and social network based learning Informal learning and communities of practice are examined as well Instructional design is the systematic process by which instructional materials are designed developed and delivered Designers must determine the learner s current state and needs define the end goals of the instruction and create an intervention to assist in the transition This book is a complete guide to the process helping readers design efficient effective materials Learn the ins and outs of the ADDIE model Discover shortcuts for rapid design Design for e learning Millennials and MOOCs Investigate methods for emerging avenues of instruction This book does exactly what a well designed course should do providing relevant guidance for anyone who wants to know how to apply good instructional design Eminently practical and fully up to date Rapid Instructional Design is the one stop guide to more effective instruction
