Conceiving Cultures Reproducing People And Places On Nuakata Papua New Guinea:

Conceiving Cultures Shelley Mallett,2003 Makes explicit anthropology's implicit project to understand the self by way of the other **Reproduction, Childbearing and Motherhood** Pranee Liamputpong,2007 Although reproduction including infertility abortion childbearing and motherhood is a significant human experience its social meaning is shaped by the culture in which birthing women live Reproduction and its management therefore occur within the social and cultural context of the event As such reproductive beliefs and practices differ across social and cultural settings This book focuses on reproduction childbearing and motherhood In this volume the authors show that despite the modernisation of the society and advanced medical technology and knowledge in reproduction traditions continue to exert influence on how the women and their families manage their reproduction childbearing and motherhood in their societies **Birthing in the Pacific** Vicki Lukere,Margaret Jolly,2001-11-30 This collection explores birthing in the Pacific against the background of debates about tradition and modernity A wide ranging introduction and conclusion together with case studies from Papua New Guinea New Caledonia Vanuatu Fiji and Tonga show how simple contrasts between traditional and modern practices technocratic and organic models of childbirth indigenous and foreign approaches and notions of before and after can be potent but problematic The difficulties entailed confront public health programs concerned with practical issues of infant and maternal survival in developing countries as well as scholarly analyses of birthing in cross cultural contexts The introduction analyzes central concepts and themes questions of survival safety and well being the significance of postures practices and sites the role of midwives traditional birth attendants and nurses and the role of men in birthing and reproduction Contributors four anthropologists a historian and a community health worker offer insights into the ways mothers midwives and nurses relate the traditional and the modern and how ideas of tradition and modernity have shaped representations of Pacific childbirth The conclusion provides researchers with a guide to relevant literature from several disciplines As a whole the collection warns against either a celebration of emancipation through biomedicine or a recuperative romance about women's past powers in reproduction Contributors Ruta Fiti Sinclair Margaret Jolly Vicki Lukere Shelley Mallett Helen Morton Christine Salomon

Papua and New Guinea Medical Journal ,2006 *Cultural Conceptualizations in Language and Communication* Barbara Lewandowska-Tomaszczyk,2020-06-10 The book comprises a selection of papers concerning the general theme of cultural conceptualizations in language The focus of Part 1 which includes four papers is on Metaphor and Culture discussing general as well as language specific metaphoricity Part 2 which also includes three papers is on Cultural Models dealing with phenomena relating to family and home nation and kinship blood and death in different cultures Six papers in Part 3 which refers to questions of Identity and Cultural Stereotypes both in general language and in literature discuss identity in native and migration contexts and take up motifs of journey and migration as well as social and cultural stereotypes and prejudice in transforming contexts Three papers in the last Part 4 of the book Linguistic Concepts Meanings

and Interaction focus on the semantic interpretation of the changes and differences which occur in their intra as well as inter linguistic contexts *Conceiving Cultures* Shelley Mallett,2003 Makes explicit anthropology s implicit project to understand the self by way of the other *The Routledge Companion to Masculinity in American Literature and Culture* Lydia R.

Cooper,2021-12-26 Recently the U S has seen a rise in misogynistic and race based violence perpetrated by men expressing a sense of grievance from incels to alt right activists Grounding sociological historical political and economic analyses of masculinity through the lens of cultural narratives in many forms and expressions The Routledge Companion to Masculinity in American Literature and Culture suggests that how we examine the stories that shape us in turn shapes our understanding of our current reality and gives us language for imagining better futures Masculinity is more than a description of traits associated with particular performances of gender It is more than a study of gender and social power It is an examination of the ways in which gender affects our capacity to engage ethically with each other in complex human societies This volume offers essays from a range of established global experts in American masculinity as well as new and upcoming scholars in order to explore not just what masculinity once meant has come to mean and may mean in the future in the U S it also articulates what is at stake with our conceptions of masculinity

Why We Disagree about Human Nature Elizabeth Hannon,Tim Lewens,2018 Is human nature something that the natural and social sciences aim to describe or is it a

pernicious fiction What role if any does human nature play in directing and informing scientific work Leading figures from teh life sciences philosophy psychology and anthropology present new essays exploring these questions *Commercial Homes in Tourism* Paul Lynch,Alison J. McIntosh,2009-06-02 This is the first book to give recognition to this distinct economically important and expanding form of tourism business by bringing together recent and international research on this common form of commercial tourism accommodation

The Severed Snake Michael W. Scott,2007 Examining the secretive dynamics of competing land claims among the Arosi of the island of Makira Solomon Islands Michael W Scott demonstrates the explanatory power of ethnographic attention to the nexus between practice and indigenous theories of being His focus on the ways in which Arosi understand their matrilineages to be the bearers of discrete categorical essences exclusively emplaced in ancestral territories forms the basis for a timely and accessible rethink of current anthropological representations of Melanesian sociality and opens up new lines of inquiry into the transformative relationships among gendered metaphors of descent processes of place making and the indigenization of Christianity Informed by original historical research and newly documented variants of regionally important mythic traditions The Severed Snake is a work of multidisciplinary scope that proposes critical and methodological shifts relevant to historians development professionals folklorists and scholars of religion as well as anthropologists This book is part of the Ritual Studies Monograph Series edited

by Pamela J Stewart and Andrew Strathern Department of Anthropology University of Pittsburgh Solomon Islanders are eligible for a 30% discount Please contact Beth Hall at bhall cap press com or 919 489 7486 x121 for more information Michael Scott s empirically rich study of the ontological foundations of social action combines the best aspects of classic ethnography and contemporary social theory His attention to detail registers a keen sensitivity to local concerns and their historical specificity at the same time that his conceptual sophistication places those concerns in a broad comparative perspective This book is a vindication of careful fieldwork s unparalleled ability to illuminate the great moral and metaphysical questions Webb Keane Professor of Anthropology University of Michigan I know of no other book on a Melanesian culture that probes as deeply into the question of land and identity Michael Scott s book is thoroughly researched historically aware sensitive on religion and always convincing Garry Trompf Professor of Studies in Religion University of Sydney This book will be very useful for all academics and tertiary students who seek to understand and do intelligent work among coastal and smaller island cultures in Melanesia In this he has skilfully combined the disciplines of anthropology studies in religion mission history and missiology *Anthropos* This book about Arosi on the island of Makira is welcome on several fronts Scott presents engaging arguments about the interplay of Melanesian ontologies place and practice and he also makes a valuable contribution to the burgeoning study of indigenous Christianities Scott does an admirable job of disentangling the Arosi ideological skein His study will greatly interest anthropologists and historians of Melanesia and beyond The Journal of the Royal Anthropological Institute of Great Britain and Ireland The book is an important contribution to Melanesian studies and will quickly enter the canon of mandatory reading for anyone working in Solomon Islands a sophisticated and well researched study that has much to offer anyone concerned to understand indigenous modes of thinking and being in the world today Geoffrey White *Oceania* Volume 78 Number 3 November 2008 A fascinating account of social change In addition to Melanesianists this book will be of interest to anthropologists working on issues of personhood social change and global Christianity Courtney J Handman *Anthropological Forum* University of Chicago This is a major ethnography whose scope originality and sophistication combine to set new directions for the comparative study of the societies of Melanesia This book is indeed a significant contribution to Melanesian ethnography but it is more than that It is a major contribution to the comparative understanding of Melanesia within an Austronesian speaking world James J Fox *The Asia Pacific Journal of Anthropology* The Australian National University The ethnography s main contribution is carefully to detail Arosi conceptions of place and identity that are broadly shared across Melanesia Scott s analysis helps clarify why uneasy problems of land and identity in Melanesia continue to simmer *The Australian Journal of Anthropology* The book offers a great deal of interest to scholars interested in social change in rural societies especially where traditional land tenure and resource ownership are in play It would also find a place in graduate and advanced undergraduate courses on the anthropology of social change Ryan Schram *American Ethnologist* University of California San Diego This book offers the

reader an excellent and highly readable analysis of the Arosi's understandings of land tenure and Christianity. It offers some very interesting often critical insights into current anthropological thinkings on Melanesian ontology and social change. The result is a subtle piece of ethnography. An impressive contribution to the anthropology of Christianity, cosmology and land tenure systems. Michael Wood, *Journal of Anthropological Research*. *The Severed Snake* is a work of significance for anthropologists, historians of religion, missiologists and students of folklore. Mary N. MacDonald, *Religious Studies Review*.
