Concordance Of The Sublime Quran:

Concordance of the Sublime Quran Laleh Bakhtiar, 2011-01-01 The Concordance of the Sublime Quran serves the need of those who do not know the Arabic language but want to understand the Quran. This work is a translation and transliteration of the Arabic Concordance known as al Mujim al mufahris. This all English work shows the semantic structure of the Arabic vocabulary in order to arrive at the multiple meanings of Arabic three and four letter roots and their derivatives. Divided into three parts Part 1 Contents lists the 3673 transliterated Arabic derivatives of all verbs nouns and some particles in the Quran. Part 2 Text lists the transliterated derivatives their grammatical structure and English translation followed by the verses in which the word appears in The Sublime Quran. Part 3 Index lists the 6000 words used in the translation followed by reference to the derivative found in both Part 1 Contents and Part 2 Text.

The Sublime Quran Laleh Bakhtiar, 2009

First translation by American woman Refutes husbands can beat their wives *The Sublime Quran*, 2007 This is the first translation of the Quran by an American woman. It is a universal and inclusive translation with the hope that Islam will be better understood in the West. She also challenges the use of the word to beat in 4:34 as meaning to go away which is how the Prophet of Islam understood the word as it has historically justified violence against and abuse of Muslim women. This interpretation must change she says and revert to the way the Prophet understood it.

Retranslating the Bible and the Qur'an Pieter Boulogne, Marijke H. de Lang, Joseph Verheyden, Despite the lively scholarly discourse on retranslation and its manifest value for uncovering dynamics of cultural change interpretation and reception the retranslation of religious texts has received only fragmented attention in recent years. By spanning both historical and current aspects and by treating the Bible and the Quran together this book breaks new ground and paves the way for future research on the myriad discursive and religious aspects of retranslation. This carefully curated collection of articles compellingly argues that the retranslation of canonical religious texts is a multi faceted phenomenon. With cases ranging in time from the early Reformation to the present and traversing linguistic contexts from Russia to Sweden Slovenia to Saudi Arabia the essays capture diverse dimensions of retranslation work. The collection demonstrates that retranslations of such texts manifest in different forms depending on the religious political and societal circumstances the targeted audiences and the status of existing translations. Their reception too may vary greatly depending on those same circumstances. Authored by specialists in the different fields of retranslation of the Bible and the Quran each contribution illustrates this complexity and offers a fresh perspective and insight that help lay the groundwork for future research in this area of study.

The Sublime Quran, Volume 2 ,2009-04-01 First translation by American woman Refutes husbands can beat their wives The (Un)Translatability of Qur'anic Idiomatic Phrasal Verbs Ali Yunis Aldahesh,2021-07-27 Qur anic idiomacity in its all aspects poses a great deal of challenge to Qur an readers learners commentators and translators One of the most challenging aspects of Qur anic idiomacity is Qur anic idiomatic phrasal verbs where significances of proper Arabic verbs are entirely fused with significances of prepositions following them to produce new significances that have nothing to do with the basic significances of those verbs and prepositions By examining a corpus of ten of the most influential English translations of the Qur an this study scrutinizes how some translators of the Qur an have dealt with the phenomenon of Qur anic idiomatic phrasal verbs the difficulties that they have encountered when translating them into English and the strategies that they have employed in their attempts to overcome the inherent ambiguity of such expressions and provide their functional pragmatic equivalents for English readership The study proposes a working model for analysing and assessing the translation of the Qur anic idiomatic phrasal verbs and provides a number of theory based recommendations for translators in general and Qur an translators in particular
