Conditions Of Love The Philosophy Of Intimacy

John Armstrong

Conditions Of Love The Philosophy Of Intimacy:

Conditions of Love John Armstrong, 2002 A philosophical treatise on the essential nature of love reflects on the process of falling in love the frequently awkward transition from romantic passion to mature love and the yearnings for a lasting long term love

The Persuasion of Love John Blakely, 2019-03-29 The Persuasion of Love examines the implications of believing that the meaning of the universe is love It is axiomatic that the Christian faith is about the love of God but John Blakely seeks to delve behind this easy assertion by proposing that all human love has God as its source even if marred by human failings and by exploring what it might mean for God to have created out of love Viewing theodicy through the lens of love the book finishes with a lyrical reflection on the fact that suffering is built into the universe because of its source in the love of God and that we live in the now and not yet in tension between the glory of creation and the agony of the cross before the future glory of the new creation

Apprehending Love Pekka Karkkainen, Olli-Pekka Vainio, 2020-09-29 This volume collects together articles which engage a variety of themes related to human and divine love The title of this book apprehending love employs the notion of apprehensio and especially its medieval background For example Martin Luther built his understanding of justification around this concept which on the one hand refers to intellectual comprehension but on the other hand means becoming one with the object itself In faith Christ becomes not only the outward object of our faith but its proper subject In a similar way when we love someone or something we are transformed according to the object of our love

The Many Facets of Love Thomas Jay Oord, 2007 Poets theologians romantics scientists and revolutionaries alike have explored the many facets of love Judging by the wide use of the word oelove and the high praise it typically receives we might think that philosophers have thoroughly analyzed love But this is not the case This book takes a step toward rectifying the neglect of a philosophical analysis of love It brings together fifteen philosophical perspectives that explore some of love TM s most important facets Most of the essays have theistic or religious concerns in mind

The Philosophy of Love, Sex, and Relationships Luke Brunning, Natasha McKeever, 2025-12-30 Intimacy can be joyous but also confusing and socially constrained This book reveals how philosophy can deepen our understanding of how we date fall in love have sex and form relationships Brunning and McKeever explore some of today s significant questions around love and relationships with a focus on underexplored topics and contemporary research Should we stop talking in terms of sexual orientations What are the responsibilities of dating app companies Could flirting be a virtue Might a drug produce authentic love Must we take responsibility for who we find attractive When is consensual sex bad Should governments ban sex robots Is relationship anarchy the future of intimacy Engagingly written and rich with real world examples The Philosophy of Love Sex and Relationships is a crucial resource for students researchers and anyone who wants to join the growing conversation around the philosophy of intimacy

The Aims of Argument Timothy W. Crusius, Carolyn E. Channell, 2006 The Philosophy of (erotic) Love Robert C. Solomon, Kathleen Marie Higgins, 1991 Solomon and Higgins have chosen excerpts from the great

philosophical texts and combined them with the most exciting new work of philosophers writing today It examines the mysteries of erotic love from a variety of philosophical perspectives and provides an impressive display of wisdom that the world's best thinkers have brought and continue to bring to the study of love Contemporary Authors Julie Keppen, Lisa Kumar, 2004-09 Find biographical information on more than 115 000 modern novelists poets playwrights nonfiction writers journalists and scriptwriters Sketches typically include personal information addresses career history writings work in progress biographical and critical sources authors comments and informative essays about their lives and work A softcover cumulative index is published twice per year included in subscription Romanticism and Education David Halpin, 2007-08-07 Argues that an understanding of romantic thought has major implications for educational thought and practice especially in relation to themes such as imagination creativity and personal growth practices in particular curriculum pedagogy and the structure of schooling This book provides a reinterpretation of romanticism *Kunapipi*, 2005
