Conducting Terrorism Field Research A Guide Contemporary Terrorism Studies:

Conducting Terrorism Field Research Adam Dolnik, 2013 This book offers a detailed and practically oriented guide to the challenges of conducting terrorist fieldwork The past decade has seen an explosion of research into terrorism However field research on terrorism has traditionally been surrounded by many myths and has been called anything from necessary and crucial to dangerous unethical and impossible While there is an increasing interest among terrorism specialists in conducting such research there is no single volume providing prospective field researchers with a guideline to such work Conducting Terrorism Field Research aims to fill this gap and offers a collection of articles from experienced authors representing different risk groups disciplines methodological approaches regional specializations and other context specific aspects Each contributor provides a road map to their own research describing planning and preparation phases the formalities involved in getting into conflict zones and gaining access to sources The end product is a how to guide to field research on terrorism which will be of much value to terrorism experts and novices alike This book will be of much interest to students and researchers of terrorism studies war and conflict studies criminology IR and security studies Ethics and Terrorism Max Taylor, John Horgan, 2021-11-24 This book provides a unique insight into the ethical issues and dilemmas facing practitioners and researchers of terrorism and counterterrorism Ethics play a central if largely unrecognised role in most if not all issues relevant to terrorism and political violence These are often most noticeable regarding counterterrorism controversies while often virtually absent from discussions about academic research practice At a minimum ethical issues as they relate to terrorism have rarely been explicitly addressed in a direct or comprehensive manner The chapters in this edited volume draws on the experience of both practitioners and researchers to explore how a regard to ethical issues might influence and determine research and practice in counter terrorism and in our understanding of terrorism Ethics and Terrorism recognizes that there are conflicting and often irreconcilable perspectives from which to view terrorism and terrorism research In calling for greater attention to these issues the goal is not to resolve problems but to explore and clarify the assumptions and dilemmas that underpin our understanding of the personal institutional and societal ethical boundaries and constraints around terrorism and responses to it This book will be of value to practitioners and researchers and to policy makers and the broader interested community The chapters in this book were originally published as a special issue of the journal Terrorism and Political Violence *Assessing the War on Terror* Charles Webel, Mark Tomass, 2017-02-17 This volume is a collection of articles that critically examine the efficacy ethics and impact of the War on Terror as it has evolved since 9 11 During the decade and a half of the Global War on Terror GWOT numerous books have considered the political psychosocial and economic impacts of terrorism However there has been little systematic effort to examine the effectiveness of the GWOT in achieving its goals Furthermore there is virtually nothing that presents a comparative analysis of the GWOT by the people most directly affected by it citizens and scholars from conflict zones in the

Middle East There is therefore great need for a book that analyzes the strategies tactics and outcomes of the GWOT and that also presents facts and ideas that are missing or underrepresented in the dominant public narratives The contributions in this volume were chosen to specifically address this need In doing so it uniquely provides not only Western perspectives of the GWOT but also importantly includes perspectives from the Middle East and those most directly affected by it including contributions from scholars and policy makers Overall the contributions demonstrate how views differ based on geographical location and how views have changed during the course of the still evolving War on Terror The book will be of much interest to students and scholars of terrorism and counter terrorism foreign policy Middle Eastern politics security studies and IR as well as policy makers A Research Agenda for Terrorism Studies Lara A. Frumkin, John F. Morrison, Andrew Silke, 2023-02-14 Asking vital questions concerning the future directions of terrorism research this topical Research Agenda dives into the current state emerging methodologies and key trends of this emotive and controversial field

Understanding Deradicalization Daniel Koehler, 2016-11-10 first comprehensive guide to the theory and practice of de radicalization offers a coherent typology and methodology regarding the effects and concepts of de radicalization programs will be of much interest to students of deradicalisation counter terrorism criminology radical Islam security studies and IR

Al Muhajiroun Douglas Weeks, 2020-03-27 Grounded in nine years of ethnographic research on the al Muhajiroun Ahlus Sunnah Wal Jamaah movement ALM ASWJ Douglas Weeks mixes ethnography and traditional research methods to tell the complete story of al Muhajiroun Beginning with three core events that became a primer for radical Islamic political thought in the UK Al Muhajiroun A Case Study in Islamic Activism traces the development of the movement from its incipient beginnings to its current status Based on his extensive interaction with the group and its leaders Weeks contextualizes the history beliefs methods and differences between ALM ASWJ al Qaeda and the Islamic State so that the group and the threat it poses is comprehensively understood *Extreme Britain* Elizabeth Pearson, 2023-12-11 Misogyny and toxic masculinity are increasingly implicated in radicalisation From the men s incel involuntary celibate movement online to jihadist groups like Islamic State to radical right Free Speech protests radicalisation spans ideologies Though an often used term the process of radicalisation is not well understood and the role of gender and masculinities has often been ignored This book uses primary research among two of Britain s key extremist movements the banned Islamist group al Muhajiroun and those networked to it and the anti Islam radical right including the English Defence League and Britain First to reveal radicalisation as a masculinity project Through interviews with leaders including Anjem Choudary Jayda Fransen and Tommy Robinson as well as their followers *Extreme Britain* explores the emergence of extreme misogyny and masculinities Pearson situates extreme identities in wider social norms showing how masculinities are mobilised into action The book cautions against oversimplifying extreme masculinity as toxic It demonstrates how both men and women do extreme masculinities and the costs and benefits to them both of activism Understanding the men and women involved in extreme movements will better

equip us to counter them This fascinating study offers invaluable insight into some of their lives and motivations

Microform & Imaging Review, 1997 **Bibliographic Guide to Education 2003** GK Hall, 2004-10 The Bibliographic Guide to Education lists recent publications cataloged during the past year by Teachers College Columbia University supplemented by publications in the field of education cataloged by The Research Libraries of The New York Public Library selected on the basis of subject headings Non book materials including theses are included in this Guide with the exception of serials All aspects and levels of education are represented in this Guide including such areas as American elementary and secondary education higher and adult education early childhood education history and philosophy of education applied pedagogy international and comparative education educational administration education of the culturally disadvantaged and physically handicapped nursing education and education of minorities and women Also well covered are the administrative reports of departments of education for various countries and for U S states and large cities The Teachers College collection covers over 200 distinct educational systems Works in all languages are included The Bibliographic Guide to Education serves in part as an annual supplement to the Dictionary Catalog of the Teachers College Library Columbia University G K Hall Second Supplement 1973 Third Supplement 1977 **Routledge Handbook of Critical Terrorism Studies** Richard Jackson, 2016-04-14 This new handbook is a comprehensive collection of cutting edge essays that investigate the contribution of Critical Terrorism Studies to our understanding of contemporary terrorism and counterterrorism Terrorism remains one of the most important security and political issues of our time After 9 11 Critical Terrorism Studies CTS emerged as an alternative approach to the mainstream study of terrorism and counterterrorism one which combined innovative methods with a searching critique of the abuses of the war on terror This volume explores the unique contribution of CTS to our understanding of contemporary non state violence and the state s response to it It draws together contributions from key thinkers in the field who explore critical questions around the nature and study of terrorism the causes of terrorism state terrorism responses to terrorism the war on terror and emerging issues in terrorism research Covering a wide range of topics including key debates in the field and emerging issues the Routledge Handbook of Critical Terrorism Studies will set a benchmark for future research on terrorism and the response to it This handbook will be of great interest to students of terrorism studies political violence critical security studies and IR in general *Social Research Methods* William Lawrence Neuman, 1997 Includes bibliographical references and index Contemporary Terrorism Studies Diego Muro, Tim Wilson, 2022 When do individuals radicalise Can terrorism be rational How can we define terrorism What is the role of women in terrorism Can states be terrorist World leading experts answer these questions in Contemporary Terrorism Studies the first textbook to provide a multi disciplinary methodologically plural and richly diverse introduction to terrorism studies Contemporary Terrorism Studies covers the main approaches in terrorism studies and is structured into three comprehensive sections The first on The State of Terrorism Studies maps the development and historical context of the discipline and looks

to the future of terrorism studies Part two on Issues and Debates in Terrorism Studies examines key contentious questions and debates such as the role of women technology and the media in terrorism The final part part three on Countering Terrorism focuses specifically on counterterrorism its instruments foreign policy legal frameworks and organisations Overall text will engage students and establish a confident understanding of the subject The textbook has been developed with pedagogical features to help enhance student learning Each chapter contains case studies to highlight real world examples of political violence questions for reflection to encourage critical thinking and suggestions for further reading which provide useful sources for further reading essays and exam preparation Furthermore a consistent accessible tone and jargon free writing style makes Contemporary Terrorism Studies the clearest guide to understanding terrorism Digital formats and resources Contemporary Terrorism Studies is available for students and institutions to purchase in a variety of formats and is supported by online resources The e book offers a mobile experience and convenient access along with hyperlinks to question pointers and a library of web links helping you to broaden your knowledge and understanding terrorism studies www.oxfordtextbooks.co.uk/ebooks Student resources additional case studies guidance on accessing databases pointers for tackling the questions for reflection and suggested web links organised by chapter are available online Lecturer resources customisable PowerPoint slides to adapt and use in teaching
