New business owners should focus on the output of their work. This is the most important aspect of productivity. By focusing on results, you can measure the success of your business and make sure you are on the right track to growth.

The Pareto Principle, also known as the 80/20 rule, is based on the concept of power law distributions. It states that 80% of the outcomes are caused by 20% of the inputs. This is the secret of the entrepreneur who prioritizes the outcome and focuses on what matters.
