TikTok Cultures in the United States Trevor Boffone, 2022-04-03 *TikTok Cultures in the United States* examines the role of TikTok in US popular culture paying close attention to the app's growing body of subcultures. Featuring an array of scholars from varied disciplines and backgrounds, this book uses TikTok subcultures as a point of departure from which to explore TikTok's role in US popular culture today. Engaging with the extensive and growing scholarship on TikTok from international scholars, chapters in this book create frameworks and blueprints from which to analyze TikTok within a distinctly US context, examining topics such as gender and sexuality, feminism, race and ethnicity, and wellness. Shaping TikTok as an interdisciplinary field in and of itself, this insightful and timely volume will be of great interest to students and scholars of new and digital media, social media, popular culture, communication studies, sociology of media, dance, gender studies, and performance studies.

Social Media in Musical Theatre Trevor Boffone, 2023-11-16 This book introduces readers to the widespread phenomenon of how social media platforms such as YouTube, Twitter, and TikTok become an extension of long-standing aspects of musical theatre engagement. Although casual observers may dismiss social media's import, social media has revolutionized the field of musical theatre since the early days of Web 2.0 with spaces such as AOL LiveJournal and Myspace. Now, as social media continues to grow in relevance, the nuanced ways in which digital platforms influence musical culture remain ripe for study. *Social Media in Musical Theatre* moves beyond viewing social media merely as a passing fad or a space free from critical engagement. Rather, this volume takes a serious look at the critical role social media play in musicals, thus challenging how social media users and musical theatre makers alike approach digital spaces. This book introduces the relationship between musical theatre and social media in the 21st century, as well as methods to study social media's influence on musicals through three in-depth case studies organized around marketing on YouTube, fan engagement on Twitter, and new musical development on TikTok.
