Feldman, Roxenne Smith, 1998 *Stranger Than Fiction* When Our Minds Betray Us is a spellbinding invitation into the world of the human mind that will change our perceptions of mental illness forever Despite the growing body of scientific discoveries into the nature of the human mind the stigma attached to mental illness remains deeply entrenched in the general public's consciousness the product of inaccurate information and centuries of mystery In a simple conversational style two distinguished clinicians Drs Marc and Jacqueline Feldman discuss the complexities of mental disorders and their treatment Using the metaphor of the lie of the mind a disorder in which a person's thinking becomes unintentionally distorted the authors approach mental illness from the perspective that these disorders are merely extreme variations of universally shared thoughts feelings and behaviors *Stranger Than Fiction* removes the artificial division separating the mentally ill from the general public and demystifies symptoms that often seem bizarre On this journey through the human psyche the Feldmans use vivid enlightening and often poignant cases from their own professional experience that dramatically illustrate how psychiatrists help patients liberate themselves from the mental conditions that imprison them The reader is invited into therapy sessions and hospital rooms and receives an insider's view of the difficulties that each therapist confronts when treating disturbed patients The authors show how clinical decisions often rely more on educated hunches than medical certainties and reveal that the practice of psychiatry is as much an art as it is a science After finishing this unforgettable book readers will better understand the true nature of mental illness and witness the joy that even the smallest triumph produces in patients and caregivers alike      *Library Journal*, 1995      **Instruction and Training for Enhanced Reference Service: pt. 1, Reference sources for the disciplines**, 1998      **Reference Books Bulletin**, 1994      **Psychology Today**, 1968-06      *Library Services in Mental Health Settings* Mary E.
