[The Complete Carriage and Wagon Painter \(Classic Reprint\)](#) Fritz Schriber, 2015-07-04 Excerpt from The Complete Carriage and Wagon Painter In placing the manuscript of this book in the hands of the publisher I was impressed with the belief that I had thoroughly carried out the original design which was to write a full and comprehensive treatise on the methods employed by experienced workmen in painting a carriage wagon sleigh or railway car and since the work of my pen has returned to me in printed form I see no cause to change that belief or to erase one word therein The painting of vehicles although differing in many respects according to their quality or value is virtually the same and I have departed from the beaten track of writers in magazines and chosen for my text a wagon from the fact that the field was a larger one and in describing how that vehicle could be painted lettered striped and ornamented I could at the same time give all the

information necessary for the painting of a first class carriage or sleigh My object too was to condense in one handbook not only the method of executing plain painting on vehicles but to give all the instruction necessary for the practice of striping lettering scrolling varnishing polishing and many minor accomplishments which would be out of place in a work on carriage painting alone About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Vocational Education** ,1911 **The United States Catalog** ,1906 **Shavings** ,2005

keenly alive to the growing demands on them for improvement nor has any class of work men put forward more earnest endeavors to adapt their methods and materials to the requirements of carriage building The solution of the problem How can a carriage be painted quickly and yet durably has taxed the thought and enlisted the effort of every Carriage Painter in the land To gain rapidity without sacrificing permanence and durability to safely reduce the work of weeks into the work of days to paint perfectly and yet with push these were the results sought for Rapidity alone was easily attainable by a liberal use of driers but this proved prejudicial to durability Experimental changes and variations of the old system have been tried and sufficiently it may be asserted to fully demonstrate the impossibility of combining up speed and durability with materials the very nature of which imposes slowness and prudence About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *Decoration in Painting, Sculpture, Architecture and Art Manufactures* ,1882 **The United States Catalog** ,1906 **Bryan's Dictionary of Painters and Engravers** Michael Bryan,George Charles Williamson,1903 *Saturday Review of Politics, Literature, Science and Art* ,1896 **A biographical and critical dictionary of painters and engravers** Michael Bryan,1903 *New England Journal of Education* Thomas Williams Bicknell,Albert Edward Winship,Anson Wood Belding,1877
