**Carter & Lovecraft** Jonathan L. Howard, 2015-10-20 The start of a thrilling supernatural mystery series that brings the H P Lovecraft mythos into the twenty first century optioned by Warner Bros TV Daniel Carter used to be a homicide detective but his last case the hunt for a serial killer went wrong in strange ways and soured the job for him Now he's a private investigator trying to live a quiet life Strangeness however has not finished with him First he inherits a bookstore in Providence from someone he's never heard of along with an indignant bookseller who doesn't want a new boss She's Emily Lovecraft the last known descendant of H P Lovecraft the writer from Providence who told tales of the Great Old Ones and the Elder Gods creatures and entities beyond the understanding of man Then people start dying in impossible ways and while Carter doesn't want to be involved he's beginning to suspect that someone else wants him to be As he reluctantly

investigates he discovers that Lovecraft's tales were more than just fiction and he must accept another unexpected and far more unwanted inheritance In the cosmic darkness between Sam Spade and Dirk Gently there's a nest of tentacles On that nest of tentacles is Jonathan L Howard's Carter and Lovecraft You are here It doesn't get any more weird booled than this Stephen Graham Jones New York Times bestselling author A Pandora's Box loaded with all of the wonderfully twisted stuff I love including a two fisted homicide cop turned P I warped realities a mysterious bookstore the Cthulhu mythos a dash of romance and creepy fish men What's not to love Christopher Golden New York Times bestselling author *The Statement of Randolph Carter* H. Howard,2017-11-14 This alternate reality novel is an

entertaining and meticulously crafted mix of speculative history suspense sardonic humor and cosmic horror Publishers Weekly The Unfolded World is a bitter and unfriendly place for Daniel Carter and Emily Lovecraft In this world the Cold War never happened because the Soviet Union ceased to exist in 1941 In this world the Nazi Gro deutschland is the premier superpower and is not merely tolerated but indulged because in this world the Holocaust happened behind the ruins of the Iron Curtain and consumed only Bolsheviks Communists and others the West was glad to see gone In this world there are monsters and not all of them are human But even in the Unfolded World there are still bills to pay and jobs to do Carter finds himself working for the German secret security service to uncover the truth behind a major scientific joint project that is going suspiciously well The trail takes Lovecraft and him to a distant abandoned island and a conspiracy that threatens everything To fight it Lovecraft must walk a perilously narrow path between forbidden knowledge and soul destroying insanity Fortunately she also has a shotgun It s not often one sees the reboot of a series that s only one book old But the second Carter and Lovecraft novel reboots the heck out of the series This is a wonderful novel ambitious on many levels and thoroughly successful Its central characters are even more compelling than they were in their first appearance and the story is diabolically clever and convoluted Booklist [Randolph Carter Tales](#) H. *Legal Stories* Gregory Steirer, 2024-07 Tracing the emergence of what the media industries today call transmedia story worlds and narrative franchises Legal Stories provides a dual history of copyright law and narrative based media development between the Copyright Act of 1909 and the Copyright Act of 1976 Drawing on archival material including legal case files and employing the principles of actor network theory Gregory Steirer demonstrates how the meaning and form of narrative based property in the twentieth century was integral to the letter and practice of intellectual property law during this time Steirer's expansive view of intellectual property law encompasses not only statutes and judicial opinions but also the everyday practices and productions of authors editors fans and other legal laypersons The result is a history of the law as improvisatory and accident prone taking place as often outside the courtroom as inside and shaped as much by laypersons as lawyers Through the examination of influential legal disputes involving early properties such as Dashiell Hammett's Sam Spade H P Lovecraft's Cthulhu Mythos and Robert E Howard's Conan the Barbarian Steirer provides a ground's eye view of how copyright law has operated and evolved in practice
