Covers over a dozen typologies including community gardens, urban farms, edible estates, green roofs and vertical walls, edible school yards, seed to table food landscapes within parks, plazas, streetscapes and green infrastructure systems and more. A ROADMAP FOR BOOTSTRAPPING ENTREPRENEURS Donald Stern,2021-09-09 We hear every day about the flashy twenty five year old wunderkinds who have hit it big in the tech world and celebrated CEOs who have flourished in public companies But we rarely hear about the majority of successful men and women who at the average age of forty one start their own company He was forty when he founded Homax Corporation in 1981 He is an award winning entrepreneur who would like to share what he has learned in business and life with others With 25 000 of his own money and a 250 000 loan from the bank secured by everything they owned he was all in with a wife and two young children He sold his company in 1996 that was thoughtfully structured to be sustainable for those who helped him be successful Talented management continued growing the company Homax is now owned by PPG The sale met his goal to retire comfortably at the age of fifty five with money and time left to acquire new skills and pursue other adventures How Hard Can It Be How I Found Success through Intention Integrity and 75 in My Pocket is a 67 000 word book that echoes the words of St Francis of Assisi Start by doing what is necessary then what is possible and suddenly you are doing the impossible His story shows young entrepreneurs how to plot their course to succeed in business and life by building cultures with good character while simultaneously growing themselves It also speaks

to the middle aged start up entrepreneur about how to assess risk and how to focus their courage to begin His personal story is eclectic He left home at the age of nineteen with 75 and a used car Much of his book includes anecdotes some funny some quite serious that help frame my message They are intertwined with his personal stories about racing cars windsurfing heli skiing and piloting high performance aircraft and he uses these kinds of experiences to punctuate a point In spite of facing a new normal the basic principles he describes in his book remain constant A changing world even the coronavirus has always been the clarion call for entrepreneurs and people of creative spirit to rise to the surface and lead the way
