The Game Plan Bryton W Keyes,2020-10-29 In an age where it is easier than ever to search the internet for financial advice it is tougher and tougher to work through the clutter and find good advice Too many people pay little to no attention to their finances and where their money goes This is something that can destroy people over time and prevent them from achieving goals they want to achieve in life We work so hard for our money shouldn't we make it work just as hard as we do Sports can provide a unique approach helping explain concepts to people in many different ways But what about personal finance Do sports offer relevant lessons in how people can improve their spending Cover their risks Invest
