### **The Routledge Handbook of Phenomenology of Mindfulness**

Susi Ferrarello, Christos Hadjioannou, 2023-12-22 The Routledge Handbook of Phenomenology of Mindfulness brings together two schools of thought and practice that despite rarely being examined jointly provide an incredibly fruitful way for exploring thinking the mind and the nature and practice of mindfulness Applying the concepts and methods of phenomenology an international team of contributors explore mindfulness from a variety of different viewpoints and traditions The handbook s 35 chapters are divided into seven clear parts Mindfulness in the Western Traditions Mindfulness in the Eastern Traditions

Mindfulness Ethics and Well Being Mindfulness Time and Attention Mindfulness and Embodiment Applications Mindfulness in Life Conclusion Mindfulness and Phenomenology Within these sections a rich array of topics and themes are explored ranging from Stoicism and the origins of mindfulness in Buddhism and eastern thought to meditation self awareness the body and embodiment and critiques of mindfulness Additionally the book delves into the ways the ideas of leading phenomenological thinkers including Heidegger Merleau Ponty and Levinas and other leading thinkers such as Irigaray can contribute to understanding the relationship between phenomenology and mindfulness A valuable resource for those researching phenomenology and applications of phenomenology this handbook will also be of great interest to students and practitioners of mindfulness in areas such as counseling and psychotherapy **The App Generation** Gardner

Howard,2013-10-22 No one has failed to notice that the current generation of youth is deeply some would say totally involved with digital media Professors Howard Gardner and Katie Davis name today s young people The App Generation and in this spellbinding book they explore what it means to be app dependent versus app enabled and how life for this generation differs from life before the digital era Gardner and Davis are concerned with three vital areas of adolescent life identity intimacy and imagination Through innovative research including interviews of young people focus groups of those who work with them and a unique comparison of youthful artistic productions before and after the digital revolution the authors uncover the drawbacks of apps they may foreclose a sense of identity encourage superficial relations with others and stunt creative imagination On the other hand the benefits of apps are equally striking they can promote a strong sense of identity allow deep relationships and stimulate creativity The challenge is to venture beyond the ways that apps are designed to be used Gardner and Davis conclude and they suggest how the power of apps can be a springboard to greater creativity and higher aspirations Mind Gym Lila Santoro, AI, 2025-03-14 Mind Gym offers a practical guide to cognitive training aiming to boost mental performance through targeted exercises It emphasizes that cognitive abilities much like physical fitness can be enhanced with consistent practice Drawing from cognitive psychology and neuroscience the book introduces techniques to improve problem solving skills memory and focus Intriguingly advancements in neuroscience have deepened our understanding of the brain s capacity for change highlighting its plasticity The promise is to strengthen neural connections and build mental resilience The book progresses systematically beginning with the fundamentals of cognitive psychology It then explores cognitive flexibility through puzzles and strategic games memory enhancement via mnemonic devices and attention regulation using mindfulness What sets Mind Gym apart is its hands on approach incorporating practical exercises and activities suitable for anyone seeking to improve their mental agility The book provides evidence based strategies for cognitive enhancement making it a valuable resource for students professionals and seniors alike *Brain Wonders* Barrett
