**Brian D. Johnson**

## **Blueprint Personal Finance Success:**

The Prosperity Blueprint KJ Main, 2020-08-25 The Prosperity Blueprint is the one book every teen needs to read to help secure their financial futures. If you're looking for the traditional sleep-inducing financial literacy book, then The Prosperity Blueprint is not for you. Instead, you can expect to find real-life personal finance lessons that teach readers how to think critically in order to make smart financial decisions. This workbook walks readers through basic budgeting and planning for your future, including lessons on how it's possible to go to a more expensive college and pay less than in-state tuition or how, with good money management practices, it's possible for those who make less money to actually have more money. It dives deep into the lessons 96% of adults learn the hard and expensive way. This workbook was created for teens to avoid the very common and very costly mistakes that most make in their 20s and throughout their lifetimes. If you read just one page, you can save thousands of dollars. Micah: It's the one book I wish I had when I was a teen. Lindsey: My 16-year-old was motivated to get a part-time job after reading it. Andrea: I didn't know how to help my son figure out his life. Before reading it, he had a dream one we honestly thought was a pipe dream, but now he has a plan. One that's realistic and achievable. Peter: As annoying as it initially was, now my teen is giving me lessons, and my credit score is going up. Joeline: The Prosperity Blueprint is an immersive hands-on workbook that helps teens not only grasp personal finance and money management but also build out their own unique path to success. With the Prosperity Blueprint, the journey is individual. It's called a blueprint because readers create their own life success plan or blueprint. It helps readers identify their goals and design a realistic and achievable strategy to achieve them. Table of Contents: Introduction, Budgeting, Financial Planning, Money Management, Growing Money, Putting It All Together. They say it takes a village, and author KJ Main put together a team of industry experts from Fortune 500 wealth planners to Ivy League professors to help create The Prosperity Blueprint. The outcome is personal finance for the real world that yields lifelong results.

The Personal Finance Blueprint Charlie Mills, 2023-01-24 Introducing the Personal Finance Blueprint, a comprehensive guide to managing your money and achieving your financial goals. This easy-to-follow guide is designed for anyone looking to take control of their finances, whether you're just starting out or looking to take your finances to the next level. **Crisis Investor: Turning Financial Calamities Into Profitable Opportunities Successfully** James J. Hobart, 2016-03-10 Have you ever wondered how investors businesspersons and entrepreneurs became billionaires out of the Financial Crisis of 2008 Have you ever pondered why there were more millionaires created out of the Great Depression than at any other time in U S history How did these successful people do it The majority of successful crisis investors are not the speculators on Wall Street a crisis speculator has the same odds of winning as a gambler in Las Vegas The majority of crisis investors are ordinary people like you and me who protected their family and capital from a crisis bought distressed undervalued assets during the crisis and generated new innovative products businesses and industries that changed the world for the better My purpose for this book is to educate inform and raise awareness to help individuals protect themselves from a crisis and to better their livelihood and community Read my thoughts of a crisis in 2016 2017 2018 Secrets of the Millionaire Mind T. Harv Eker, 2009-10-13 1 New York Times Wall Street Journal and USA Today Bestseller Secrets of the Millionaire Mind reveals the missing link between wanting success and achieving it Have you ever wondered why some people seem to get rich easily while others are destined for a life of financial struggle Is the difference found in their education intelligence skills timing work habits contacts luck or their choice of jobs businesses or investments The shocking answer is None of the above In his groundbreaking Secrets of the Millionaire Mind T Harv Eker states Give me five minutes and I can predict your financial future for the rest of your life Eker does this by identifying your money and success blueprint We all have a personal money blueprint ingrained in our subconscious minds and it is this blueprint more than anything that will determine our financial lives You can know everything about marketing sales negotiations stocks real estate and the world of finance but if your

money blueprint is not set for a high level of success you will never have a lot of money and if somehow you do you will most likely lose it The good news is that now you can actually reset your money blueprint to create natural and automatic success Secrets of the Millionaire Mind is two books in one Part I explains how your money blueprint works Through Eker's rare combination of street smarts humor and heart you will learn how your childhood influences have shaped your financial destiny You will also learn how to identify your own money blueprint and revise it to not only create success but more important to keep and continually grow it In Part II you will be introduced to seventeen Wealth Files which describe exactly how rich people think and act differently than most poor and middle class people Each Wealth File includes action steps for you to practice in the real world in order to dramatically increase your income and accumulate wealth If you are not doing as well financially as you would like you will have to change your money blueprint Unfortunately your current money blueprint will tend to stay with you for the rest of your life unless you identify and revise it and that's exactly what you will do with the help of this extraordinary book According to T Harv Eker it's simple If you think like rich people think and do what rich people do chances are you'll get rich too *Kiplinger's Personal Finance Magazine*, 2002 Fortune Henry R. Luce, 2002

*Time* Briton Hadden, Henry Robinson Luce, 2001-05 *How To Manage Your Money Blueprint* Jason Ramsey, 2020-02-02 You should consider what are your long term and short term goals Are you planning for retirement or just for a nice new car Once your goal is clear you can set a practical way to achieve that goal How much money is coming in What are the risks and rewards with your plan Do you or will you have student loans It is important that providers make sure you know what your financial obligations are in relation to paying your debt Work them into your budget every month and do what you can do pay down your student loan debt when you can Money management is a crucial process for attaining financial success by managing money that includes expenses investments budgeting banking and taxes It enables you to know where your money is going and also it helps you plan your budget wisely It's a fundamental process that determines what you can do and what you can't If you are behind as many are when it comes how much you are saving for retirement get in high gear and catch up Adding a little extra per month than you normally would to your retirement plan can catch you up faster than you think it will Especially if it concerns your 401k because your employer will match a certain percentage of your contribution You must figure out how much revenue versus expenses you have This requires following a strict budget and adhering to it always If you're working on improving your personal budget one easy way to get yourself in the mindset is to get your paycheck put directly into an investment account rather than checking or cash This way you pay yourself first think of this as a tax but you get it for retirement This will help get you in the habit of saving money and not thinking of it all as disposable income In order to be economically wise all of your disposable income must now be considered as investment funds only to be spent on assets that return you funds at a good rate If you know that a budget is probably the difference between you keeping money on the side during the good times and having nothing when the bad times come knocking then you'd do everything possible

to make sure that you prepare a SMART budget When you re honest with yourself you ll agree that to a great extent money is key to having peace of mind It s easy to say God provides when you re not in need But when you re neck deep in debt and you don t have money to pay for this month s rent you ll probably be singing a different tune No matter how much you want to finance the great work your church or your favorite charitable organization is doing you can t do that without extra money If you aren t able to provide for your needs how can you provide for others If you re ready to start successfully managing your personal finances click and BUY NOW
