

# THE MID-CAREER SUCCESS GUIDE

Planning for  
the Second Half  
of Your  
Working Life

By J. Power

# Career Success Guide

**Janice L. Lamy**

## **Career Success Guide:**

*The Mid-Career Success Guide* Sally J. Power, 2006-10-30 Most people realize that the employment deal has changed the days of lifetime employment or even a clear trajectory up the corporate ladder are long gone. Dozens of surveys merely quantify what we all know that education, hard work and loyalty are no longer enough to guarantee job security. People in mid-career today want to take greater control of their working lives for many reasons. But they are not sure of how to do that in a working world full of change, uncertainty, disappearing career paths, downsizings and early retirement packages. In *The Mid-Career Success Guide*, Sally Power draws from her research in management and career development to explain the sources and implications of these trends and provide solutions to the challenges they present. The book introduces the Employability Plus model, an approach to career management that leaves behind the traditional job or organization centric perspectives by focusing on the individual's work as a portfolio of skills that can be shaped to their interests and to their employers' needs and desires. Moreover, Power explores how individuals can make the time to develop new skills and knowledge even when they are employed full time in order to expand the array of options available. Featuring real life examples, interactive exercises and an appendix of research tools and methods, *The Mid-Career Success Guide* offers fresh strategies and tactics for overcoming job stress and uncertainty and proactively managing your career in midlife and beyond. In addition, it will serve as an essential resource for managers, human resource and career counseling professionals and professors and students of organizational behavior and workplace trends.

*Guidance With Grace* Cynthia Young, 2021-08-24 The *Guidance with Grace* Career Success Guide contains several important aspects of career readiness, including self-assessments and activities to help guide you toward finding meaningful work aligned with who you are and your purpose. With a consistent focus on positive identity, the activities in the guide reinforce both social emotional and employability skills to support personal and professional achievement for individuals who are navigating their personal career path. The *Career Success Guide* offers a variety of clarity questions to help individuals discover new information and practice new skills in relationship to their job and career development.

**Every Woman's Guide to Career Success** Denise Dudley, 1989-09-01 **US Army Corps of Engineers Career Development Guide for Civil Works Natural Resources Management Team Members**,

*Your Essential Guide to Career Success* Sheila Pantry, Peter Griffiths, 2003 How ambitious are you? Do you have a career plan? Are your skills up to date? Where do you want to be in three, five or ten years' time? This book is an essential read for any information professional eager to prosper in the library and information environment of the 21st century. It offers guidance on managing every stage of your career, whether you are a new entrant to the profession, wishing to know how to get a foot on the ladder; an information professional in mid-career, wishing to progress; or a candidate for a more senior position, needing a view of the current state of the profession. Since publication of the first edition, there have been a number of changes in employment law and in the range of skills online, linguistic, negotiating and consultancy, for example, required for an
