**Caught in the net** Émile Gaboriau, 1913 *The Marriage Method* Mimi Matthews, 2025-11-25 The Academy always comes first which makes marriage to its most formidable adversary an exceedingly inconvenient arrangement Well removed from London's more curious eyes the Benevolent Academy for the Betterment of Young Ladies strives toward one clandestine goal to distract disrupt and discredit men in power who would seek to harm the advancement of women by appropriate means of course When intrepid newspaper editor Miles Quincey starts to question the school's intentions the Academy appoints Penelope Nell Trewlove one of their brightest graduates to put this nuisance to rest An easy enough mission she supposes Or it would be if Miles wasn't so fascinating too fascinating to resist and if Nell's visit to London didn't perfectly coincide with the murder of one of Miles's reporters When the inexorable claws of fate trap Nell and Miles in a compromising situation they agree to an arrangement that will save their reputations while enabling them to investigate the story that led to a man's death as well as the surprising chemistry between them

*Deleuze & Fascism* Brad Evans, Julian Reid, 2013-05-29 This edited volume deploys Deleuzian thinking to re-theorize fascism as a mutable problem in changing orders of power relations dependent on hitherto misunderstood social and political conditions of formation The book provides a theoretically distinct approach to the problem of fascism and its relations with liberalism and modernity in both historical and contemporary contexts It serves as a seminal intervention into the debate over the causes and consequences of contemporary wars and global political conflicts as well as functioning as an accessible guide to the theoretical utilities of Deleuzian thought for International Relations IR in a manner that is very much lacking in current debates about IR Covering a wide array of topics this volume will provide a set of original contributions focussed in particular upon the contemporary nature of war the increased priorities afforded to the security imperative the changing designs of bio-political regimes fascist aesthetics nihilistic tendencies and the modernist logic of finitude the politics of suicide the specific desires upon which fascism draws and of course the recurring pursuit of power An important contribution to the field this work will be of great interest to students and scholars of international relations fascism and international relations theory
