*Mobile Networks and Management* Kostas Pentikousis,Oliver Blume,Ramon Agüero,Symeon Papavassiliou,2010-05-10 The First International ICST Conference on Mobile Networks and Management MONAMI was held in Athens Greece during October 13 14 2009 hosted by the National Technical University of Athens Through what we hope will be a long lasting series of events this new international conference aims at bringing together top researchers academics and practitioners specializing in the area of mobile network management Multiaccess and resource management mobility management and n work

management have emerged as core topics in the design deployment and operation of current and future networks. Yet they are treated as separate isolated domains with very little interaction between the experts in these fields and lack cross pollination. MONAMI 2009 offered the opportunity to leading researchers, industry professionals and academics to meet and discuss the latest advances in these areas and present results related to technologies for true plug and play networking, efficient use of all infrastructure investments and access competition. MONAMI 2009 featured eight full papers and five short papers which were selected after a thorough peer review process based on their relevance to the scope of the conference and their technical merit. The overall acceptance rate was 50%. The contributing authors covered a range of topics in mobile networks and their management that are currently of high interest in the wireless research area.

Distributed Systems Andrew S. Tanenbaum, Maarten van Steen, 2002. Based on the formula of Tanenbaum's Distributed Operating Systems, this text covers seven key principles of distributed systems: communications, processes, naming, synchronization, consistency, and replication, fault tolerance and security.
