Concise Encyclopedia Of Preaching

**David Buttrick, Thomas G.
Long, Edward Farley**

Concise Encyclopedia Of Preaching:

Concise Encyclopedia of Preaching William H. Willimon, Richard Lischer, 1995-05-01 The Concise Encyclopedia of Preaching is the most comprehensive reference work on preaching available in the English language. No other book so richly combines concerns for the practice of preaching with theological themes and historical tradition. Its scope ranges from the technical tasks of sermon preparation to thoughtful essays on such topics as narrative preaching, African American preaching style and prophetic preaching as well as a host of issues that are shaping and challenging the contemporary pulpit. Also included are essays that explore the life and work of the church's most influential preachers including such diverse figures as St. Augustine, Sojourner Truth and Fulton Sheen.

Concise Encyclopedia of Preaching William H. Willimon, 2017-07-22

Concise Encyclopedia of Preaching By William H. Willimon **Concise encyclopedia of preaching** Richard ; Willimon Lischer (William H., eds), 1995 *Global Dictionary of Theology* William A. Dyrness, Veli-Matti Kärkkäinen, 2009-10-25

Theological dictionaries are foundational to any theological library. But until now there has been no Global Dictionary of Theology, a theological dictionary that presumes the contribution of the Western tradition but moves beyond it to embrace and explore a full range of global expressions of theology. The Global Dictionary of Theology is inspired by the shift of the center of Christianity from the West to the Global South. But it also reflects the increase in two way traffic between these two sectors as well as the global awareness that has permeated popular culture to an unprecedented degree. The editorial perspective of the Global Dictionary of Theology is an ecumenical evangelicism that is receptive to discovering new facets of truth through listening and conversation on a global scale. Thus a distinctive feature of the Global Dictionary of Theology is its conversational approach. Contributors have been called on to write in the spirit of engaging in a larger theological conversation in which alternative views are expected and invited. William A. Dyrness, Veli-Matti Kärkkäinen, Juan F. Martinez and Simon Chan edit approximately 250 articles written by over 100 contributors representing the global spectrum of theological perspectives. Pastors, theological teachers, theological students and lay Christian leaders will all find the Global Dictionary of Theology to be a resource that unfolds new dimensions and reveals new panoramas of theological perspective and inquiry. Here is a new launching point for doing theology in today's global context.

The New Interpreter's® Handbook of Preaching, 2010-11-01 The New Interpreter's Handbook of Preaching is a major reference tool for preaching with articles on every facet of Christian sermon preparation and delivery. This resource is both scholarly and practical. It focuses on the most distinctive feature and greatest strength of homiletics as a discipline. It is rooted in interdisciplinary scholarship and it develops theory geared to practice. Its theory arises out of the study of both excellent preaching past and present and actual sermon preparation and composition. When theory and practice critique each other it is possible to produce guidelines that assist greater excellence and economy in preaching the gospel. Excellence in standards is an area in which homiletics needs to grow and this project will be both a means to encourage and develop it. A guiding question

throughout will be Will it preach The answers will be offered in the sense that here is something that works well rather than here is something to try Preachers will turn to this resource with the expectation that they will find scholarly treatment of topics brief bibliographies of relevant key books and articles along with practical methodological suggestions for preachers to employ The contributors are homiletics preachers and writers in various disciplines who are committed to the pulpit through practice [Postcolonial Preaching](#) HyeRan Kim-Cragg,2021-02-11 In Postcolonial Preaching HyeRan Kim Cragg argues that preaching is the act of dropping the stone of the Gospel into a lake making waves to move hearts and transform the world wounded by colonial violence The ripple effect serves as a metaphor and acronym to guide to preaching that takes postcolonial concerns seriously Rehearsal Imagination Place Pattern Language and Exegesis RIPPLE Kim Cragg explains each ripple in this approach and exercise of creating and delivering sermons The author delivers fresh insights while drawing on some traditional homiletical perspectives in the service of a homiletic that takes the reality of racism migration and environmental degradation seriously Moreover Kim Cragg demonstrates the postcolonial sermon in action by including annotated homilies This book contributes to the very first wave of the application of postcolonial scholarship in preaching Given the continuing extent and influence of colonial worldviews and legacies this approach should become a staple in preaching over the next generation [Preaching as a Theological Task](#) David Buttrick,Thomas G. Long,Edward Farley,1996-01-01 How do particular world situations impact preaching How does a preacher use the gospel and Scripture to speak to those situations This volume in honor of homiletician David Buttrick explores the complex and important relationships between world gospel and Scripture and their relevance for preaching theology This book is for those seeking thoughtful and challenging new ways to approach the preaching task now and into the twenty first century [Handbook of Christian Prophetism in Africa](#) ,2025-08-14 More than half a century has passed since the first monographs on African Christian prophetism were published The prophetic element was only the most dramatic and prominent part of developments that sought to bring the biblical material alive in ways that had not been experienced in the ecclesiology of Western mission Christianity The ministries of African charismatic figures of the early 20th century were oriented towards the biblical phenomenon of the prophetic and the related issue of divine or faith healing sometimes even to the neglect of the use of biomedical resources The developments have been interrogated in religious studies theology and the sociology and psychology of religion showing how important these churches have been in the African public sphere

[Martin Luther King in the African American Preaching Tradition](#) Valentino Lassiter,2010-06-01 Valentino Lassiter has cast spiritual breads upon the waters with this compelling comparison of the historic tradition of African American preaching and the overwhelming spiritual preaching of Martin Luther King Jr Martin Luther King in the African American Preaching Tradition details preaching by slave preachers to present day preachers More importantly it shows how King s sermon content was cut from the same loaf as those preachers who preached justice and God s assurance in the 1600s Lassiter has written a book that will

be an important resource for pastors seminarians and those who are interested in the never ending fascination with dynamic African American preaching *Organic Homiletic* Richard Hee-Chun Park,2006 Organic form theory of Romanticism helps writers artists and preachers free themselves from potentially limiting norms and rules of form *Organic Homiletic* Samuel T Coleridge Henry G Davis and the New Homiletic will inspire preachers to express their individual voices and create their own authentic forms by offering preachers innovative methods to creatively imitate blend and mix a wide variety of sermon forms The book is a motivator for preachers to intuitively discover sermon content in the rhetorical context of a given preaching situation and to develop that content utilizing organic form in the process of sermon preparation *Organic Homiletic* is a must read for seminarians experienced preachers creative writers and artists all those who seek to be fresh authentic creative liberated and organic *Help! I've Been Asked to Preach* Maylan Schurch,2006 With great examples and stories this book takes you step by step through building and delivering great sermons Especially useful in churches that share a pastor or for people with a burden to preach **A Theology of Preaching** Richard Lischer,2001-06-08 Richard Lischer's book is a stirring affirmation of preaching's importance as a major enterprise in its own right It is he writes a theological preface whose aim is to show how theology informs preaching and how preaching as a kerygmatic oral practical activity informs theology and brings it to its final form of expression Dr Lischer points to the historically negative results of preaching's exclusion from theology and then shows the benefits derived from the proper interaction of the two disciplines As he elaborates on this theme he explores the centrality of the Resurrection in both theology and preaching the relation of the law and the gospel and how preaching calls upon theology to recover its oral aural foundation For Lischer the act of preaching is an exercise of the preacher's imagination The real work of imagination is not inserting clever stories or esthetically pleasing images into the argument of the sermon It is knowing how to read texts in such a way that they will be allowed to function according to their original power and intent **The Art of Preaching in the Light of Its History** Edwin Charles Dargan,1922 **Pro Ecclesia** ,2001 *Bouvier's Law Dictionary and Concise Encyclopedia* John Bouvier,1914

Newsletter - American Theological Library Association American Theological Library Association,1995 **God Comes Out** Olive Elaine Hinnant,2007 *God Comes Out* is the third book in The Center for Lesbian and Gay Studies in Religion and Ministry series a growing series jointly sponsored by The Pilgrim Press and The Center for Lesbian and Gay Studies in Religion and Ministry at Pacific School of Religion in Berkeley California Book jacket *Encounter* ,1996 *Preaching that Grabs the Heart* Ernst R. Wendland,2000 Many scholars have tended to take African Christianity as a given and study its social political economic or ecological implications without coming to terms with the nature and character of African Christian faith A knowledge of how faith is understood at the popular level and how it functions in personal domestic and communal life is essential to this task In this context a significant contemporary Christian movement which has received little attention is studied in depth revival meetings or crusades which are a regular and popular feature of urban life in Malawi
