Media Sensation Healing Trauma Guide

Joanna Pozzulo, Craig Bennell

Media Sensation Healing Trauma Guide:

Working with Trauma-Exposed Children and Adolescents Joanna Pozzulo, Craig Bennell, 2018-12-07 Far too often children and youth experience trauma from rare events such as mass shootings terrorism attacks and school lockdowns to very common occurrences such as bullying exposure to drugs and alcohol or various mental health issues They can experience these events both directly and indirectly from surfing the internet watching television or through their friends Our children spend a large portion of their day at school interacting with other students teachers and school personnel where these topics are raised and discussed This edited volume addresses how our teachers and school personnel can help students deal with these potentially traumatic events to reach the most positive possible outcomes This collection brings together leading experts including academics and professionals working in the field to provide the most current evidence based practices on how to help students who may have experienced or witnessed trauma It presents research and advice on how to respond to traumatic events regarding bullying drugs and alcohol sexual abuse mental health lesbian gay bisexual transgender and queer LGBTQ safety stranger danger childhood disruptive behaviors school shootings and lockdowns and terrorism It also includes a chapter focused on how to implement a school safety program Schools cannot deal with these issues alone effective strategies must engage family members and the broader community Hence the collection includes a chapter on how schools can partner with families and the communities they reside in to bring about positive change All this work pays close attention to cultural and religious sensitivity socio economic variabilities diversity issues and developmental stages

The Shock Trauma Manual of Operative Techniques Thomas M. Scalea, 2015-04-22 This manual provides a practical approach to operative trauma management Written entirely by physicians who currently practice in shock trauma the manual features a hands on approach and practice to dealing with shock trauma that is regularly utilized by the faculty at the R Adams Cowley Shock Trauma Center The volume includes numerous photographs that illustrate operative techniques in great detail The book is also presented in a manual format so that it fits easily into a white coat pocket making it a portable and readily accessible reference The Shock Trauma Manual of Operative Techniques is a valuable resource for practicing surgeons in the community who cover the Emergency Department and thus may be called upon to provide operative therapy for trauma residents particularly those in whom operative trauma is not a part of their training and fellows who are training in surgical critical care and trauma
