Stepping Stones to Personal Finance Success

The Ultimate Personal Finance Organizer

Set your path to financial security & beyond

Checklist to Financial Independence

If you have any form of financial goal - such as getting your financial future secure, retirement, etc.

This long

beginning of your financial future. Once you have a clear idea of what you want to do, you can start to plan for it.

Use it to track your progress and to see what you need to do to reach your goal.

Monthly Expense Tracking

The very first step to organizing your finances is to track your expenses. This will help you to see where your money is going and to identify areas where you can save.

To track your expenses, you need to create a budget. A budget is a plan for how you will spend your money over a certain period of time.

Checklist to Financial Independence

If you have any form of financial goal - such as getting your financial future secure, retirement, etc.

This is the freedom of no longer feeling tied to a job.

Regardless of where you want to retire, financial independence is the key. Once you reach this level of income, you only work because you have to.

Use this list to review your financial independence and to see what you need to do to reach your goal.

Monthly Budget Worksheet

Once you have tracked your finances and have an understanding of the income coming in and spending going out, it's time to create a budget.

This is where you will review all expense categories and adjust your budget as needed.

Welcome!

The best way to use this organizer is to:

1. Print as many pages as you like, or use a pdf editing tool to fill in forms electronically. I left margins for placing all pages in a binder in case you are a print and paper kind of person like me.
2. Look over the table of contents.
3. See where you are in your personal finance journey and which worksheets/checklists/forms are most beneficial for you. Personal finance is personal, you may need to go one-by-one in order, or you may need to skip around and find what works best for you.
4. You will find introductory pages for each separate workbook or printable. This is to help orient you to the purpose of the form and keep all forms organized in your file or binder.
5. Take a look at the bottom of each intro page. If there is a corresponding blog post that will help clarify or provide a more in-depth understanding of the concept, you will find both a link you can click on and the written text so you can easily learn more.
