

A. Before your disassembly, we strongly recommend that you prepare a smartphone or other handheld camera. During disassembly, use your camera to take photos to help you remember the order of assembly and location of parts.

B. When lifting the base cover off, slowly and carefully open so the angle is as small as possible. To avoid damaging the cables, please confirm they are disconnected before opening the base cover completely.

C. After you open the base cover, be sure to disconnect the battery cable first.

D. When replacing components, if any materials, cables, tapes and others were touched or moved, please return it to its original location before proceeding.

E. Avoid using too much force when fastening screws to prevent hardware damage.
