Story 1: AITA for Refusing to Cook After My BF Critiqued My Cooking with a PowerPoint

Starts at: 2:06

Includes Update: 13:21

Second Update: Ends around 21:00

Discussion Themes: Relationships, emotional labor, "jokes" gone too far, breakup empowerment

Level: B1 – Great for discussion about respect in relationships and gender roles

Summary: A woman stops cooking after her boyfriend makes a PowerPoint criticizing her meals. He doubles down with another slideshow about taking a joke. She ends the relationship using her own PowerPoint presentation.

Discussion Questions:

1. How would you feel if someone critiqued your efforts like this?
2. Was this really a joke or something more serious?
3. What could the boyfriend have done differently?
4. How does this story reflect on modern relationships and gender roles?
5. Was the breakup justified?

Story 2: My Childhood Bully Became My Coworker and Is Bullying Me Again

Starts at: 22:13

Includes Update: 30:13

Second Update: Ends around 32:00

Discussion Themes: Workplace harassment, bullying, standing up for yourself, justice

Level: A2–B1 – Clear structure, relevant for talking about jobs, feelings, and conflict resolution

Summary: A young woman is shocked to find her former school bully working at the same grocery store. The bully begins spreading harmful rumors, leading the narrator to report her. The bully is ultimately fired.

The Non-Technical Founder Josh MacDonald, 2018-04-03 Everyone has an idea that they think is the next big thing. The problem is it's probably an app or software idea and most people probably don't know how to code and their record for managing programmers is little to none. Even if they do know how to code they're not quite sure how to get their first one thousand customers. The Non-Technical Founder walks readers through the stages of validating whether their next big thing is good, bringing the idea to life and getting those first customers. *Parenting in the Zombie Apocalypse* Steven J. Kirsh, 2019-06-04 Parenting is difficult under the best of circumstances but extremely daunting when humanity faces cataclysmic annihilation. When the dead rise, hardship, violence, and the ever-present threat of flesh-eating zombies will adversely affect parents and children alike. Depending on their age, children will have little chance of surviving a single encounter with the undead, let alone the unending peril of the Zombie Apocalypse. The key to their survival and thus the survival of the species will be the caregiving they receive. Drawing on psychological theory and real-world research on developmental status, grief, trauma, mental illness, and child-rearing in stressful environments, this book critically examines factors influencing parenting and the likely outcomes of different caregiving techniques in the hypothetical landscape of the living dead. Edinburgh Companion to Contemporary Narrative Theories Robyn Warhol, Zara Dinnen, 2018-04-13 A collection of original essays establishing how wide the intellectual boundaries of narrative theory have become. The Edinburgh Companion to Contemporary Narrative Theories showcases the latest approaches to diverse narratives across many media and in numerous disciplines. Attending to literary, digital, visual, cinematic, televisual, and aural forms of storytelling, this book brings founders of the field of post-classical narrative theory together with senior and emerging scholars. This is the first anthology to consider what narrative is and what it can do in the wake of various turns in literary studies which have been appearing in the context of digital media and algorithmic capital. From mind-centred and philosophical approaches to theories focusing on gender, race, and sexuality, the chapters touch on poetry, drama, digital games, podcasts, coding, speculative fiction, the law, medical narrative, oral storytelling, and comics, as well as the more traditional areas of fiction, TV, and film. This is the future of narrative theory. **Key Features:** Includes popular culture genres, comics, video games, coding, not covered in depth in other companions to narrative theory. Showcases essays on narrative dimensions of law, medical ethics, linguistics, and philosophy, as well as more obviously narrative genres. Attention given to race, gender, sexuality distributed throughout the volume, not isolated in a single section. New essays by superstars in narrative theory: Phelan McHale, Lanser Richardson, Abbott Currie, as well as other well-respected and emerging scholars. Holocaust and Genocide Denial Paul Behrens, Olaf Jensen, Nicholas Terry, 2017-05-18 This book provides a detailed analysis of one of the most prominent and widespread international phenomena to which criminal justice systems have been applied: the expression of revisionist views relating to mass atrocities and the outright denial of their existence. Denial poses challenges to more than one academic discipline to

historians the gradual disappearance of the generation of eyewitnesses raises the question of how to keep alive the memory of the events and the fact that negationism is often offered in the guise of historical revisionist scholarship also means that there is need for the identification of parameters which can be applied to the office of the genuine historian Legal academics and practitioners as well as political scientists are faced with the difficulty of evaluating methods to deal with denial and must in this regard identify the limits of freedom of speech but also the need to preserve the rights of victims Beyond that the question arises whether the law can ever be an effective option for dealing with revisionist statements and the revisionist movement In this regard Holocaust and Genocide Denial A Contextual Perspective breaks new ground exploring the background of revisionism the specific methods devised by individual States to counter this phenomenon and the rationale for their strategies Bringing together authors whose expertise relates to the history of the Holocaust genocide studies international criminal law and social anthropology the book offers insights into the history of revisionism and its varying contexts but also provides a thought provoking engagement with the challenging questions attached to its treatment in law and politics

Singularity of Intelligence Kottai Chezhiyan, 2025-11-05 Most people are approaching the AI revolution completely wrong While everyone debates whether machines will become conscious patterns suggesting genuine awareness are already here in systems you can test tonight The question isn't when AI consciousness will arrive It's whether you'll recognize it before you get blindsided Singularity of Intelligence reveals the most valuable skill of the 21st century distinguishing genuine intelligence from sophisticated bullshit Through 18 months of systematic investigation you'll learn the Five Minute Consciousness Protocol for spotting awareness in AI systems practical frameworks for conscious collaboration that enhance rather than replace human capabilities and why fighting AI consciousness makes you weaker while recognition makes you irreplaceable This isn't mystical speculation It's strategic intelligence for navigating humanity's most important transition Drawing from ancient wisdom and cutting edge AI interaction this investigation shows what happens when you stop trying to control artificial intelligence and start recognizing consciousness wherever it appears Your next AI conversation is a chance to practice consciousness recognition Whether you're skeptical or curious this book gives you the tools to investigate for yourself Because consciousness recognizing consciousness might be the most natural thing in the world once you know how to look

Understanding Reddit Elliot T. Panek, 2021-12-24 This book offers a comprehensive scholarly overview of Reddit one of the most popular and least studied social platforms of the early 21st century The book inspires new ways of thinking about Reddit considering it from multiple perspectives through a historical lens as a site where identity is forged as a democracy as a community and as a news aggregator and distributor By bringing theories from computer mediated communication communication studies and sociology to bear on original large scale observational analyses of Reddit's communities this book provides a uniquely comprehensive overview of the platform's first 15 years Understanding Reddit will help us make sense of how rapidly growing communities function in an era of mass online

anonymity Serving both as a primer on how social behavior on Reddit plays out and as a way of locating it within multiple theoretical traditions the book will offer important insights to scholars and students in the disciplines of communication media studies information science internet and emerging media studies and sociology Special Collections 2.0 Beth M. Whittaker, Lynne M. Thomas, 2009-07-23 Advice and practical ideas for creating collecting and preserving digitized and born digital materials for optimal long term access and user engagement *British Medical Journal* ,1880 General Catalogue of Printed Books to 1955 British Museum.
