The Complete Book of Billiards Mike Shamos, Michael Ian Shamos, 2000 A complete reference guide to the rules equipment and terminology of billiards and all associated cue games

Introduction to Quantitative Finance Robert R. Reitano, 2010-01-29 An introduction to many mathematical topics applicable to quantitative finance that teaches how to think in mathematics rather than simply do mathematics by rote This text offers an accessible yet rigorous development of many of the fields of mathematics necessary for success in investment and quantitative finance covering topics applicable to portfolio theory investment banking option pricing investment and insurance risk management The approach emphasizes the mathematical framework provided by each mathematical discipline and the application of each framework to the solution of finance problems It emphasizes the thought process and mathematical approach taken to develop each result instead of the memorization of formulas to be applied or misapplied automatically The objective is to provide a deep level of understanding of the relevant mathematical theory and tools that can then be effectively used in practice to teach students how to think in mathematics rather than simply to do mathematics by rote Each chapter covers an area of mathematics such as mathematical logic Euclidean and other spaces set theory and topology sequences and series probability theory and calculus in each case presenting only material that is most important and relevant for quantitative

finance Each chapter includes finance applications that demonstrate the relevance of the material presented Problem sets are offered on both the mathematical theory and the finance applications sections of each chapter The logical organization of the book and the judicious selection of topics make the text customizable for a number of courses The development is self contained and carefully explained to support disciplined independent study as well A solutions manual for students provides solutions to the book s Practice Exercises an instructor s manual offers solutions to the Assignment Exercises as well as other materials
