Allen,2017-05-15 Emotional Intelligence The Emotional Intelligence Book Emotional Intelligence at Work and Emotional Intelligence Leadership This Emotional Intelligence Book will answer the question what is emotional intelligence also referred to as EI As the book works to define emotional intelligence through the four main branches it dives deeper into explaining each branch in hopes of bringing about a higher self awareness in the reader Most people walk around with low emotional intelligence out of ignorance They do not know because they have never been taught Some crowds believe that the emotionally intelligent are as smart as those with high IQ's People in positions of leadership show a higher aptitude of EI for being able to help others to calm the crowd and to work well under pressure without cracking Each of the four branches of the emotional intelligence theory is explained in full detail The first branch is emotional perception The second branch is emotional reasoning The third branch is emotional understanding and the fourth branch is emotional management Each branch has an explanation on how to do it how to perceive how to reason how to understand and how to manage the emotions In learning this we can then learn how to improve emotional intelligence Emotional intelligence training helps to make leaders out of people and helps people to learn more about themselves and they will learn how to handle their emotions A person with a high level of emotional intelligence has learned how to control their reaction to their emotions and they can also help others with their responses to emotions The emotional intelligence definition shows that we are whole people who have emotions and will go through emotional times but that we can control our reaction and responses to these emotions instead of allowing the emotions to show as raw and out of control

Why is it that some people seem to cruise smoothly through life while the rest of us struggle to catch up? You probably know one such person or even two in your life. They make friends easily. They know exactly what to say in social situations. At work they are always up for consideration when a promotion is on the table. They generally have everything figured out or so it seems. It is sheer luck. Are the gods of good fortune always looking favorably upon these individuals? More often than not it is a question of emotional intelligence rather than luck. For the longest time it was believed that being book smart was all you needed to get by in life. That is until a different kind of smart was introduced into the picture. Emotional intelligence is essentially the kind of smart you need to understand your emotions, relate well to people and handle the curveballs that life may throw at you. People with emotional intelligence seem to have everything figured out because they have mastered the most important thing of all. They have mastered themselves. *The Emotional Intelligence* is a handbook on all things that you may have questions about in regards to your emotional quotient abbreviated EQ. It explores the various aspects of EQ from why we have emotions to why we need them. It explains why emotional intelligence might get you further in life than IQ without necessarily diminishing the very important role played by book smarts in your life. It goes further to bust the popular myths about emotional intelligence that exist thus allowing you to distinguish the truths from the misconceptions. This book is dedicated to helping you explore the various components of emotional intelligence and show you how you can improve at each of them. It discusses the role of emotional intelligence at home and in the workplace and helps you identify simple ways to go from low EQ to high EQ. Do you know a person or two who always seems to sap your energy every time you interact with them? You might be dealing with an energy vampire. What is an energy vampire? This question is answered comprehensively in this book complete with tips on how to deal with people who are intent on bringing out the worst in you otherwise known as energy vampires. If success were a matter of sheer luck then many of us who are not necessarily lucky would be doomed to fail. *The Emotional Intelligence* gives assurance that success in all areas of your life is well within your reach and it is not necessarily a function of luck if you take time to master your emotions and the emotions of those around you. If you have been struggling to understand where your emotions fit in the overall picture of your life or what you can do to achieve greatness in your personal and professional life then this book is perfect for you. Do not allow yourself to live another day in oblivion. Get ready to figure out the hard questions thanks to *The Emotional Intelligence*. You will thank yourself later for choosing to read this book.
