### STEP 5

#### FOCUS ON RESULTS.

In reality, the entrepreneurship world is very different from the world of corporate or public  
sector employment. Each operates in its own separate economy, each having its own  
employment for its own that is based on its own rules, principles and ways of doing  
things. This separate economy, then, is its own, and it's worth noting.

#### The Entrepreneur

The Entrepreneur is the person who is responsible for the success or failure of the business. It  
includes government, commercial organizations and companies, educational institutions,  
and so on. For the most part, the entrepreneur is not a person who is a person, but a person  
who is a person. The entrepreneur is the person who is responsible for the success or failure of  
the business.
