Ogunbusola, 2010-12-23 This genre falls under the category of Sci fi fantasy thriller a works that is just as exciting as the adventures of Lora Croft in Tomb Raiders I chose this genre to create characters that exist outside of the everyday urban scape theme One of the main characters is a black woman a seasoned sea captain for example I wanted to create another

kind of hero in another part of the world on another kind of mission based on another mindset more of a West African theme influenced by the folklore of the ancient Yoruba of Southwestern Nigeria which is deeply submerged in cosmological and celestial influences and is viewed as individual characteristic energies expressing themselves universally in allegorical narratives These legends tend to be older than Western civilization I wanted the story to be unique and the characters just as unique This is a story told by the ancestors of the war in heaven before the creation of man this a story of the battle of illumination and darkness the fight to maintain balance between good and evil Beauty Rona Berg,2001-01-01 Offers step by step directions professional techniques and advice insider tips makeovers and brand and product comparisons in a handbook that emphasizes a simple healthy and natural approach to beauty care **Pictorial Review** ,1922 Includes music

Black for a Day Alisha Gaines,2017-03-27 In 1948 journalist Ray Sprigle traded his whiteness to live as a black man for four weeks A little over a decade later John Howard Griffin famously became black as well traveling the American South in search of a certain kind of racial understanding Contemporary history is littered with the surprisingly complex stories of white people passing as black and here Alisha Gaines constructs a unique genealogy of empathetic racial impersonation white liberals walking in the fantasy of black skin under the alibi of cross racial empathy At the end of their experiments in blackness Gaines argues these debatably well meaning white impersonators arrived at little more than false consciousness Complicating the histories of black to white passing and blackface minstrelsy Gaines uses an interdisciplinary approach rooted in literary studies race theory and cultural studies to reveal these sometimes maddening and often absurd experiments of racial impersonation By examining this history of modern racial impersonation Gaines shows that there was and still is a faulty cultural logic that places enormous faith in the idea that empathy is all that white Americans need to make a significant difference in how to racially navigate our society *The People's Home Journal* ,1922 **Western Gardener & Beekeeper** ,1924 **Ballou's Dollar Monthly Magazine** ,1877 Aramco World Magazine ,1987 **Woman's World** ,1927 *The Saturday Evening Post* ,1925 **McCall's** ,1928 *Popular Science Monthly* ,1925 **Ladies' Home Journal** Edward William Bok,1913 *Popular Science Monthly and World Advance* ,1925 **Motion Picture Story Magazine** ,1946
