Preventing Corruption in Asia Ting Gong, Stephen K. Ma, 2012-07-26 Despite intensified governmental and public efforts at corruption control in recent years official transgression continues to surface in various ways of abusing the unique power and trust that a government holds Preventing Corruption in Asia addresses a number of crucial questions What institutional arrangements are necessary to ensure a clean and honest government What self regulatory capabilities must government institutions develop in order to maintain integrity How should a sense of ethical responsibility be instilled in the civil services Do special anti corruption agencies help keep government clean How will a regulatory framework of official conduct work properly How useful are anti corruption campaigns in containing corruption Focusing on a number of carefully selected countries in the Asia and Pacific region the book sets as its focal point the choice of institutional design in

preventing corruption rather than treating corruption as a practical or technical problem to be corrected by strong political will and good anti corruption policy measures While focusing on institutional designs and policy choices the book also examines other aspects of clean government such as the social environment legal and regulatory framework role of the public and the impact of culture Handbook of Crisis and Emergency Management Ali Farazmand,2001-06-22 Including contributions from sixty international authors this book examines emergency responses to environmental dangers such as chemical fires hazardous material and oil spills nuclear reactor accidents and earthquakes and crises in the environment global public service and politics It covers a wide range of international issues and topics using various analyses including critical descriptive empirical quantitative and normative methods The book discusses approaches to natural disasters resolutions to cultural religious and political tensions terrorism and the potential use of biological chemical and nuclear weapons the role of crisis public relations and more Truths and Half Truths Ferdinand Gul,Haitian Lu,2011-06-30 Truths and Half Truths is aimed at economic and social science academics and students who are interested in the dynamics of China s institutional development and societal transformation Covering the complexity of the social economic and governance reforms behind the economic miracles achieved by China since its reform in 1978 and particularly in the past twenty years this book provides much needed insight and critical thinking on major aspects of China s reform Topics include employment environment anti poverty urbanization and rural development education corruption political regime and media Readers will be able to re evaluate the costs and benefits of China s modernization from a point of view of sustainability Written by highly knowledgeable and well respected academics in law and economics with decades of experience in China studies Provides an insight from academic points of view written in a reader friendly journalistic style An integrated monograph each chapter addresses a particular area of reform and can be read independently The SAGE Handbook of International Marketing Masaaki Kotabe,Kristiaan Helsen,2009-01-30 In an internationally minded and detailed analysis the contributors seek to examine the state of the art in research in international marketing with particular emphasis on the conceptual framework and theory development in the field Looking at new research formative and fundamental literature and the nature of strategic alliance and global strategy this timely and comprehensive Handbook offers the reader a compelling examination of the central concerns of marketing for an international community *Environmental Sustainability and American Public Administration* J. Michael Martinez,2016-11-01 Protecting the natural environment and promoting environmental sustainability have become important objectives for U S policymakers and public administrators at the dawn of the twenty first century Institutions of American government especially at the federal level and the public administrators who work inside of those institutions play a crucial role in developing and implementing environmental sustainability policies This book explores these salient issues logically First it explores fundamental concepts such as what it means to be environmentally sustainable how economic issues affect environmental policy and the philosophical schools of thought about what policies

ought to be considered sustainable From there it focuses on processes and institutions affecting public administration and its role in the policy process Accordingly it summarizes the rise of the administrative state in the United States and then reviews the development of federal environmental laws and policies with an emphasis on late twentieth century developments This book also discusses the evolution of American environmentalism by outlining the history of the environmental movement and the growth of the environmental lobby Finally this book synthesizes the information to discuss how public administration can promote environmental sustainability

Contemporary Issues in Construction in Developing Countries George Ofori,2012-06-26 Economic growth and socio economic development are particularly important for developing countries and the construction industry plays a central role in driving both of these Traditionally the issues faced have been assumed to be merely offshoots of those encountered in industrialised nations and are usually discussed only in this context In addition research in construction management and economics has generally failed to take proper account of the unique or highly emphasised characteristics of the industries in developing countries or their economic and social environment This volume challenges underlying assumptions and focuses on the distinct characteristics of construction in developing countries In so doing it considers the issues from the perspective of the developing countries themselves to present a strong contemporary picture for researchers It forms a companion volume to New Perspectives on Construction in Developing Countries which provides an update on the generic subjects relating to the construction industry in developing countries and covers new concepts and issues
