*Imagination* Paul Kent Alkon, 2006 Although Churchill is a 1953 Nobel laureate in literature his famous speeches have overshadowed his other writing Winston Churchill's *Imagination* concentrates on key works in modes other than political rhetoric to show how Churchill engages readers with those words and ideas that are hallmarks of his imagination Chapters take up his literary relationship with Lawrence of Arabia Churchill's intense but little known involvement with cinema in an essay on Charlie Chaplin and as a script writer and consultant in the 1930s for Alexander Korda's film studio Churchill's evocation of paintings as templates for narrative in his first history and in his only novel his imaginative engagement with science and science fiction the depiction of time duration and alternative history in his biography of Marlborough and Churchill's last testament in the realm of imagination *The Dream* **Latent Inhibition and Conditioned Attention**

M.

Meyers, 2022-06-15 In this inside look at worker cooperatives Joan Meyers challenges long held views and beliefs From the outside worker cooperatives all seem to offer alternatives to bad jobs and unequal treatment by giving workers democratic control and equitable ownership of their workplaces Some contend however that such egalitarianism and self management come at the cost of efficiency and stability and are impractical in the long run *Working Democracies* focuses on two worker cooperatives in business since the 1970s that transformed from small countercultural collectives into thriving multiracial and largely working class firms She shows how democratic worker ownership can provide stability and effective business management but also shows that broad equality is not an inevitable outcome despite the best intentions of cooperative members *Working Democracies* explores the interconnections between organizational structure and organizational culture

under conditions of worker control revealing not only the different effects of managerialism and participatory bureaucracy but also how each bureaucratic variation is facilitated by how workers are defined by at each cooperative Both bureaucratic variation and worker meanings are she shows are consequential for the reduction or reproduction of class gender and ethnoracial inequalities Offering a behind the scenes comparative look at an often invisible type of workplace Working Democracies serves as a guidebook for the future of worker cooperatives      **Control Engineering** ,1974      **The Navigator** ,1973      Hydraulics & Pneumatics ,1974 The Jan 1956 issue includes Fluid power engineering index 1931 55      *Forthcoming Books* Rose Arny,1992      Railway Age ,1981      **Instruments & Control Systems** ,1972      **Machine Design** ,1973      *Design News* ,1983      **Production Engineering** ,1984      *Modern Photography* ,1952      **Product Engineering** ,1970 Vol for 1955 includes an issue with title Product design handbook issue 1956 Product design digest issue 1957 Design digest issue      **Government Reports Announcements & Index** ,1993      **Books in Print** ,1977      *Popular Photography* ,1990
