Common Induction Standard Scils Answers:

Leadership Skills in the Early Years June O'Sullivan, 2010-06-01 June O Sullivan explores the concept of leadership particularly with regards to leading Early Years centres. In line with government initiatives there is growing pressure within the early years sector to create staff who can lead different types of childcare and family settings in order to address two main government targets. Firstly reducing poverty among families with small children and secondly increasing educational opportunities for children from disadvantaged backgrounds in order to give them a better start in life. Many say that for this to happen we need people who can lead an effective team of capable professional colleagues. This is no easy task in the modern Early Years market. O Sullivan acknowledges the problems and provides ideas and suggestions to address the issues facing leaders so that they are supported to lead us into a future where we can all help make a big difference for a long time.

Breuning, 1983 En considérant le champ de la déficience intellectuelle comme en constante évolution depuis l'administration du Président Kennedy aux États-Unis et par l'injection de capitaux imposants pour le développement de la recherche dans ce domaine, les auteurs se penchent sur un des volets qui se développent le plus rapidement : l'évaluation. Ce livre est basé sur des données empiriques plutôt que sur la pratique exclusivement ou sur des opinions. Les auteurs ont laissé de côté plusieurs méthodes d'évaluation mais ont ausculté de nouvelles dimensions de l'évaluation comme l'évaluation de problèmes neurologiques, l'évaluation des aptitudes et des habiletés sociales ou quotidiennes menant la vie autonome ainsi que l'évaluation de troubles du comportement.
