Comic Vine Mystique:

Representing the Rainbow in Young Adult Literature Christine A. Jenkins, Michael Cart, 2018-03-20 Discussions of gender and sexuality have become part of mainstream conversations and are being reflected in the work of more and more writers of fiction particularly in literature aimed at young adult audiences. But young readers regardless of their sexual orientation don't always know what books offer well rounded portrayals of queer characters and situations. Fortunately finding positive role models in fiction that features LGBTQ themes has become less problematic though not without its challenges. In *Representing the Rainbow in Young Adult Literature* LGBTQ Content since 1969 Christine Jenkins and Michael Cart provide an overview of the literary landscape. An expanded version of *The Heart Has Its Reasons* this volume charts the evolution of YA literature that features characters and themes which resonate not only with LGBTQ readers but with their allies as well. In this resource Jenkins and Cart identify titles that are notable either for their excellence accurate thoughtful and tactful depictions or deficiencies books that are wrongheaded stereotypical or outdated. Each chapter has been significantly updated and this edition also includes new chapters on bisexual transgender and intersex issues and characters as well as chapters on comics graphic novels and works of nonfiction. This book also features an annotated bibliography and a number of author title lists of books discussed in the text that will aid teachers librarians parents and teen readers. Encompassing a wider array of sexual identities *Representing the Rainbow in Young Adult Literature* is an invaluable resource for young people eager to read about books relevant to them and their lives.

Beyond Rosie the Riveter Donna B. Knaff, 2014-01-10 The iconic bicep flexing poster image of Rosie the Riveter has long conveyed the impression that women were welcomed into the World War II work force and admired for helping free a man to fight. Donna Knaff however shows that Rosie only revealed part of the reality and that women depicted in other World War II visual art both in the private sector and the military reflected decidedly mixed feelings about the status of women within American society. *Beyond Rosie the Riveter* takes readers back to a time before television's dominance to the golden age of print art and its singular power over public opinion. Focusing specifically on instances of female masculinity when women entered previously all male fields Knaff places these images within the context of popular discussions of gender roles and examines their historical cultural and textual contexts. As Knaff reveals visual messages received by women through war posters magazine cartoons comic strips and ads may have acknowledged their importance to the war effort but also cautioned them against taking too many liberties or losing their femininity. Her study examines the subtle and not so subtle cultural battles that played out in these popular images opening a new window on American women's experience. Some images implicitly argued that women should maintain their femininity despite adopting masculinity for the war effort others dealt with society's deep seated fear that masculinized women might feminize men and many reflected the dilemma that a woman was both encouraged to express and suppress her sexuality so that she might be perceived as neither promiscuous nor lesbian. From these cases Knaff draws a common theme while being

outwardly empowered or celebrated for their wartime contributions women were kept in check by being held responsible for everything from distracting male co workers to compromising machinery with their long hair and jewelry Knaff also notes the subtle distinctions among the images government war posters targeted blue collar women New Yorker content was aimed at socialites Collier's addressed middle class women and Wonder Woman was geared to young girls Especially through its focus on visual arts Knaff's book gives us a new look at American society decades before the modern women's rights movement torn between wartime needs and antiquated gender roles It provides much needed nuance to a glossed over chapter in our history charting the difficult negotiations that granted and ultimately took back American women's wartime freedoms

Women's Comic Visions June Sochen, 1991 Women's Comic Visions celebrates the resurgence of interest and research on contemporary women comic writers and performers and on long forgotten women humorists that has come about because of the feminist movement A collection of noteworthy essays commissioned especially for this volume the book focuses on the American experience and American women theorists on humor literary creators of humor and performers There is an interdisciplinary perspective to the book with scholars of literature psychology history and American studies analyzing America's attitudes and values regarding women and humor Included are examples of long lost women writers and cartoonists of the nineteenth and early twentieth centuries as well as contemporary performers such as Moms Mabley Lucille Ball Bette Midler Whoopi Goldberg and Lily Tomlin Attention is given to the similarities and differences between black and white women comic practitioners Finally the question of a woman's culture with a separate style perspective and content regarding humor is addressed giving rise to comparisons and contrasts between women's and men's humor Women's Comic Visions brings together the practical the abstract the applied and the theoretical The book dispels the conventional wisdom that women having no sense of humor could neither produce comic material nor laugh at appropriate times

A War Like No Other Victor Davis Hanson, 2011-11-30 One of our most provocative military historians Victor Davis Hanson has given us painstakingly researched and pathbreaking accounts of wars ranging from classical antiquity to the twenty first century Now he juxtaposes an ancient conflict with our most urgent modern concerns to create his most engrossing work to date A War Like No Other Over the course of a generation the Hellenic city states of Athens and Sparta fought a bloody conflict that resulted in the collapse of Athens and the end of its golden age Thucydides wrote the standard history of the Peloponnesian War which has given readers throughout the ages a vivid and authoritative narrative But Hanson offers readers something new a complete chronological account that reflects the political background of the time the strategic thinking of the combatants the misery of battle in multifaceted theaters and important insight into how these events echo in the present Hanson compellingly portrays the ways Athens and Sparta fought on land and sea in city and countryside and details their employment of the full scope of conventional and nonconventional tactics from sieges to targeted assassinations torture and terrorism He also assesses the crucial roles played by warriors such as Pericles and Lysander artists among them

Aristophanes and thinkers including Sophocles and Plato Hanson's perceptive analysis of events and personalities raises many thought provoking questions Were Athens and Sparta like America and Russia two superpowers battling to the death Is the Peloponnesian War echoed in the endless frustrating conflicts of Vietnam Northern Ireland and the current Middle East Or was it more like America's own Civil War a brutal rift that rent the fabric of a glorious society or even this century's red state blue state schism between liberals and conservatives a cultural war that manifestly controls military policies Hanson daringly brings the facts to life and unearths the often surprising ways in which the past informs the present Brilliantly researched dynamically written *A War Like No Other* is like no other history of this important war **Herman Melville, Mariner and Mystic**

Raymond M. Weaver,2023-10-26 Raymond M Weaver's *Herman Melville Mariner and Mystic* is a meticulous examination of the life and works of the iconic American author Weaver delves into Melville's literary style exploring his use of symbolism and themes of existentialism and isolation in novels such as *Moby Dick* and *Billy Budd* Through a scholarly lens Weaver places Melville's writings in the context of 19th century American literature highlighting his innovative contributions to the genre of maritime fiction Weaver's analysis illuminates the depths of Melville's writing revealing the complexities and nuances that have captivated readers for generations As a renowned Melville scholar Raymond M Weaver brings a wealth of knowledge and expertise to his examination of the author's life and work Drawing on extensive research and primary sources Weaver provides insights into Melville's personal experiences and influences shedding light on the motivations behind his literary creations His deep understanding of Melville's legacy enhances the reader's appreciation for the author's enduring relevance and significance in the literary canon For readers interested in delving into the world of Herman Melville and exploring the profound themes of his writing *Herman Melville Mariner and Mystic* is a must read Raymond M Weaver's insightful analysis offers a comprehensive and engaging perspective on one of America's most enigmatic literary figures **The New Presence** ,1999 **Billboard** ,1998-04-18 In its 114th year *Billboard* remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform *Billboard* publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends
